

# LCC WIRELESS INTERNET ACCESS

Access to the Lamar Community College **LCCGuest** wireless network is restricted to employees, students, and registered guests of the College using personal devices for LCC academic and business related purposes.

After connecting to the **LCCGuest** network, opening a web browser will present an authentication page.

Please read the **Acceptable Use Policy** before authenticating.

Employees use your office/classroom computer logon credentials.

Students use your S# for the Username and default password of your date of birth in MonthDDYYYY format (e.g. May011990) unless you have changed it during the current term using an LCC computer, in which case, that password would be used.

Guests may request access by calling (719) 336-1511 Monday-Friday 8am-3pm and for access at the Wellness Center (719) 336-1678 Monday-Friday 8am-5pm.

For technical assistance, contact the LCC IT Help Desk (719) 336-6666 or [it.helpdesk@lamarcc.edu](mailto:it.helpdesk@lamarcc.edu) Monday-Friday 8am-5pm. Please have your S# available when you call or use your student email account when emailing.
