# Unit Summary Report

**Role:** Course Evaluation Administrator, Lamar Community College

**Term:** Spring 2019

**Data Version:** IDEA 2016

Organization Unit: **Lamar Community College**

## Teaching Methods and Styles

### High Priorities

*These teaching methods are correlated with student achievement of learning objectives that were selected by more than two-thirds of course sections in this group as Important or Essential. However, these teaching methods are used infrequently by more than 30% of the courses in this group compared to the IDEA database. Increasing use of these teaching methods is recommended.*

Teaching Essentials	# of Sections	Average (1-5)
Introduced stimulating ideas about the subject	126	4.14
Inspired students to set and achieve goals which really challenged them	126	4.06

Reflective and Integrative Learning	# of Sections	Average (1-5)
Encouraged students to reflect on and evaluate what they have learned	132	4.25
Created opportunities for students to apply course content outside the classroom	130	3.99

### Low Priorities

*These teaching methods are either used frequently or are correlated with student achievement of learning objectives that were selected as relevant by less than one-third of course sections in this group.*

Teaching Essentials	# of Sections	Average (1-5)
Found ways to help students answer their own questions	35	4.12
Demonstrated the importance and significance of the subject matter	85	4.32

Teaching Essentials	# of Sections	Average (1-5)
Made it clear how each topic fit into the course	107	4.26
Explained course material clearly and concisely	102	4.22
Encouraged student-faculty interaction outside of class (e.g., office visits, phone calls, email)	35	3.9

Reflective and Integrative Learning	# of Sections	Average (1-5)
Helped students to interpret subject matter from diverse perspectives (e.g., different cultures, religions, genders, political views)	90	4.13
Provided meaningful feedback on students' academic performance	45	4.14
Stimulated students to intellectual effort beyond that required by most courses	132	4.15
Related course material to real life situations	85	4.36

Collaborative Learning	# of Sections	Average (1-5)
Formed teams or groups to facilitate learning	22	4.08
Asked students to share ideas and experiences with others whose backgrounds and viewpoints differ from their own	39	4.09
Asked students to help each other understand ideas or concepts	42	4.1

Active Learning	# of Sections	Average (1-5)
Encouraged students to use multiple resources (e.g., Internet, library holdings, outside experts) to improve understanding	45	4.26
Involved students in hands-on projects such as research, case studies, or real life activities	51	4.15

Active Learning	# of Sections	Average (1-5)
Gave projects, tests, or assignments that required original or creative thinking	67	4.24

# Unit Summary Report

**Role:** Course Evaluation Administrator, Lamar Community College

**Term:** Spring 2019

**Data Version:** IDEA 2016

Organization Unit: **Lamar Community College**

## Learning Objectives

Average number of Objectives selected as Important or Essential in this unit: **4.4**

## Relevant Course Objectives

Faculty Selection of Objectives	Sections Selecting Objective as Relevant	IDEA Courses Selecting Objective as Relevant
Obj. 1: Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories)	77%	85%
Obj. 2: Developing knowledge and understanding of diverse perspectives, global awareness, or other cultures	30%	49%
Obj. 3: Learning to apply course material (to improve thinking, problem solving, and decisions)	64%	79%
Obj. 4: Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course	32%	66%
Obj. 5: Acquiring skills in working with others as a member of a team	17%	50%
Obj. 6: Developing creative capacities (inventing, designing, writing, performing in art, music, drama, etc.)	33%	42%
Obj. 7: Gaining a broader understanding and appreciation of intellectual/cultural activity (music, science, literature, etc.)	20%	44%
Obj. 8: Developing skill in expressing oneself orally or in writing	27%	59%

Faculty Selection of Objectives	Sections Selecting Objective as Relevant	IDEA Courses Selecting Objective as Relevant
Obj. 9: Learning how to find, evaluate, and use resources to explore a topic in depth	33%	51%
Obj. 10: Developing ethical reasoning and/or ethical decision making	14%	44%
Obj. 11: Learning to analyze and critically evaluate ideas, arguments, and points of view	45%	60%
Obj. 12: Learning to apply knowledge and skills to benefit others or serve the public good	18%	47%
Obj. 13: Learning appropriate methods for collecting, analyzing, and interpreting numerical information	27%	43%

### Student Ratings of Progress on Relevant Objectives

Relevant Objectives (Important or Essential)	# of Sections	Unit Average (1-5)	IDEA Average
Obj. 1: Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories)	101	4.2	4.2
Obj. 2: Developing knowledge and understanding of diverse perspectives, global awareness, or other cultures	39	4	3.9
Obj. 3: Learning to apply course material (to improve thinking, problem solving, and decisions)	83	4.1	4.1
Obj. 4: Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course	42	4.3	4.1
Obj. 5: Acquiring skills in working with others as a member of a team	21	4.2	3.9
Obj. 6: Developing creative capacities (inventing, designing, writing, performing in art, music, drama, etc.)	44	4	3.8

Relevant Objectives (Important or Essential)	# of Sections	Unit Average (1-5)	IDEA Average
Obj. 7: Gaining a broader understanding and appreciation of intellectual/cultural activity (music, science, literature, etc.)	26	4	3.9
Obj. 8: Developing skill in expressing oneself orally or in writing	35	4.1	3.9
Obj. 9: Learning how to find, evaluate, and use resources to explore a topic in depth	43	4.1	4
Obj. 10: Developing ethical reasoning and/or ethical decision making	18	4	3.9
Obj. 11: Learning to analyze and critically evaluate ideas, arguments, and points of view	60	4.2	4
Obj. 12: Learning to apply knowledge and skills to benefit others or serve the public good	23	3.9	4
Obj. 13: Learning appropriate methods for collecting, analyzing, and interpreting numerical information	35	4.1	3.9

### % of Classes where Raw Average was at least 3.5

Relevant Objectives	# of Sections	Unit	IDEA
Obj. 1: Gaining a basic understanding of the subject (e.g., factual knowledge, methods, principles, generalizations, theories)	101	86%	89%
Obj. 2: Developing knowledge and understanding of diverse perspectives, global awareness, or other cultures	39	75%	78%
Obj. 3: Learning to apply course material (to improve thinking, problem solving, and decisions)	83	85%	86%
Obj. 4: Developing specific skills, competencies, and points of view needed by professionals in the field most closely related to this course	42	86%	87%
Obj. 5: Acquiring skills in working with others as a member of a team	21	67%	73%

Relevant Objectives	# of Sections	Unit	IDEA
Obj. 6: Developing creative capacities (inventing, designing, writing, performing in art, music, drama, etc.)	44	69%	70%
Obj. 7: Gaining a broader understanding and appreciation of intellectual/cultural activity (music, science, literature, etc.)	26	70%	74%
Obj. 8: Developing skill in expressing oneself orally or in writing	35	73%	78%
Obj. 9: Learning how to find, evaluate, and use resources to explore a topic in depth	43	83%	81%
Obj. 10: Developing ethical reasoning and/or ethical decision making	18	77%	76%
Obj. 11: Learning to analyze and critically evaluate ideas, arguments, and points of view	60	86%	82%
Obj. 12: Learning to apply knowledge and skills to benefit others or serve the public good	23	80%	80%
Obj. 13: Learning appropriate methods for collecting, analyzing, and interpreting numerical information	35	77%	73%

### 3-year comparison of Aggregated IDEA Survey data aligned to Common Learning Outcomes

# IPEDS DATA FEEDBACK REPORT 2022

## What Is IPEDS?

The Integrated Postsecondary Education Data System (IPEDS) is a system of survey components that collects data from all institutions that provide postsecondary education and are eligible to receive Title IV funding across the United States and other U.S. jurisdictions.

These data are used at the federal and state level for policy analysis and development; at the institutional level for benchmarking and peer analysis; and by students and parents, through the College Navigator (<https://nces.ed.gov/collegenavigator/>), an online tool to aid in the college search process. Additional information about IPEDS can be found on the website at <https://nces.ed.gov/ipeds>.

## What Is the Purpose of This Report?

The Data Feedback Report is intended to provide institutions a context for examining the data they submitted to IPEDS. The purpose of this report is to provide institutional executives a useful resource and to help improve the quality and comparability of IPEDS data.

## What Is in This Report?

The figures in this report provide a selection of indicators for your institution to compare with a group of similar institutions. The figures draw from the data collected during the 2021-22 IPEDS collection cycle and are the most recent data available. The inside cover of this report lists the pre-selected comparison group of institutions and the criteria used for their selection. The Methodological Notes at the end of the report describe additional information about these indicators and the pre-selected comparison group.

## Where Can I Do More with IPEDS Data?

Each institution can access previously released Data Feedback Reports from 2005 and customize this 2022 report by using a different comparison group and IPEDS variables of its choosing. To learn how to customize the 2022 report, visit this resource page <https://nces.ed.gov/ipeds/Help/View/2>. To download archived reports or customize the current Data Feedback Report, visit the 'Use the Data' portal on the IPEDS website <https://nces.ed.gov/ipeds> and click on Data Feedback Report.

Lamar Community College  
Lamar, CO

## COMPARISON GROUP

Comparison group data are included to provide a context for interpreting your institution's indicators. If your institution did not define a custom comparison group for this report by July 15, 2022 NCES selected a comparison group for you. (In this case, the characteristics used to define the comparison group appears below.) The customized Data Feedback Report function available at <https://nces.ed.gov/ipeds/use-the-data/> can be used to reproduce the figures in this report using different peer groups.

The custom comparison group chosen by Lamar Community College includes the following 11 institutions:

- ▶ [Clarendon College](#) (Clarendon, TX)
- ▶ [Colby Community College](#) (Colby, KS)
- ▶ [Colorado Northwestern Community College](#) (Rangely, CO)
- ▶ [Eastern Wyoming College](#) (Torrington, WY)
- ▶ [Ellsworth Community College](#) (Iowa Falls, IA)
- ▶ [Frank Phillips College](#) (Borger, TX)
- ▶ [Garrett College](#) (McHenry, MD)
- ▶ [Itasca Community College](#) (Grand Rapids, MN)
- ▶ [Lake Region State College](#) (Devils Lake, ND)
- ▶ [Vermilion Community College](#) (Ely, MN)
- ▶ [Williston State College](#) (Williston, ND)

The figures in this report have been organized and ordered into the following topic areas:

Topic Area	Figures	Pages
1) Admissions (only for non-open-admissions schools)	[Not applicable]	
2) Student Enrollment	1, 2, 3 and 4	3 and 4
3) Awards	5	4
4) Charges and Net Price	6 and 7	4
5) Student Financial Aid	8 and 9	5
6) Military Benefits*	[Not applicable]	
7) Retention and Graduation Rates	10, 11, 12, 13, 14, 15, 16, 17 and 18	5, 6, 7 and 8
8) Finance	19 and 20	9
9) Staff	21 and 22	9 and 10
10) Libraries*	23	10

\*These figures only appear in customized Data Feedback Reports (DFRs), which are available through Use the Data portal on the IPEDS website.

Figure 1. Percent of all students enrolled, by race/ethnicity, and percent of students who are women: Fall 2021

NOTE: For more information about disaggregation of data by race and ethnicity, see the Methodological Notes. Median values for the comparison group will not add to 100%. See 'Use of Median Values for Comparison Group' for how median values are determined. N is the number of institutions in the comparison group.

Figure 2. Total unduplicated headcount, full- and part-time undergraduate headcount, 12-month FTE enrollment (2020-21), and total fall enrollment, full-time and part-time undergraduate fall enrollment (Fall 2021)

NOTE: For details on calculating full-time equivalent (FTE) enrollment, see Calculating FTE in the Methodological Notes. Total headcount, FTE, and full- and part-time fall enrollment include both undergraduate and postbaccalaureate students, when applicable. N is the number of institutions in the comparison group.

SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Fall 2021, 12-month Enrollment survey component and Spring 2022, Fall Enrollment survey component.

Figure 3. Percent of students enrolled in distance education courses, by amount of distance education: Fall 2021

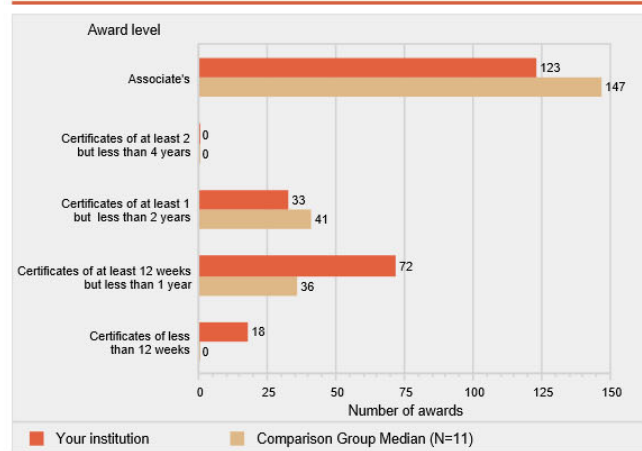

NOTE: N is the number of institutions in the comparison group.  
SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Spring 2022, Fall Enrollment survey component.

**Figure 4. Percent of students enrolled in distance education courses, by amount of distance education: 2020-21**

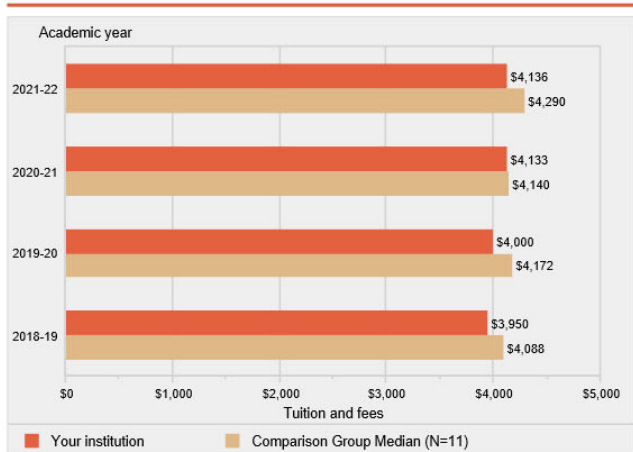

NOTE: N is the number of institutions in the comparison group.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Fall 2021, 12-month Enrollment survey component.

**Figure 5. Number of subbaccalaureate degrees and certificates awarded, by level: 2020-21**

NOTE: N is the number of institutions in the comparison group.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Fall 2021, Completions survey component.

**Figure 6. Tuition and required fees for full-time, first-time degree/certificate-seeking undergraduate students: Academic years 2018-19 to 2021-22**

NOTE: The tuition and required fees shown here are the lowest reported from the categories of in-district, in-state, and out-of-state. N is the number of institutions in the comparison group.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Fall 2021, Institutional Characteristics survey component.

**Figure 7. Average net price of attendance for full-time, first-time degree/certificate-seeking undergraduate students, who were awarded grant or scholarship aid: 2018-19 to 2020-21**

NOTE: Average net price is for full-time, first-time degree/certificate-seeking undergraduate students and is generated by subtracting the average amount of federal, state/local government, and institutional grant and scholarship awarded aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average of room and board and other expenses. For details, see the Methodological Notes. N is the number of institutions in the comparison group.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Fall 2021, Institutional Characteristics survey component and Winter 2021-22, Student Financial Aid survey component.

**Figure 8. Percent of full-time, first-time degree/certificate-seeking undergraduate students who were awarded grant or scholarship aid, or loans, by type of aid: 2020-21**

NOTE: Any grant aid above includes grant or scholarship aid awarded from the federal government, state/local government, or the institution. Federal grants include Federal Pell grants and other federal grants. Any loans include federal loans and other loans awarded to students. For details on how students are counted for financial aid reporting, see Cohort Determination in the Methodological Notes. N is the number of institutions in the comparison group.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Winter 2021-22, Student Financial Aid survey component.

**Figure 9. Average amounts of awarded grant or scholarship aid, or loans awarded to full-time, first-time degree/certificate-seeking undergraduate students, by type of aid: 2020-21**

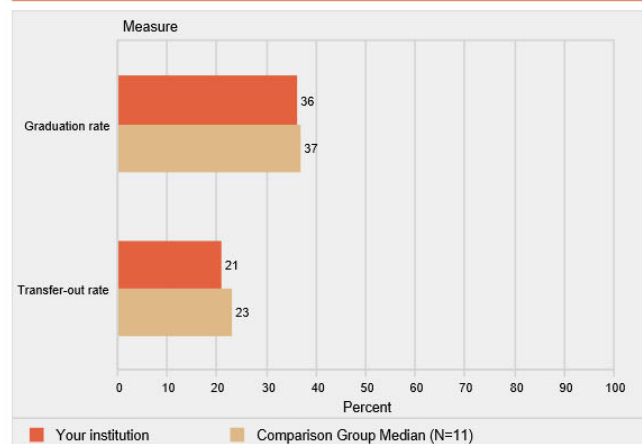

NOTE: Any grant aid above includes grant or scholarship aid awarded from the federal government, state/local government, or the institution. Federal grants include Federal Pell grants and other federal grants. Any loans include federal loans and other loans awarded to students. Average amounts of aid were calculated by dividing the total aid awarded by the unduplicated count of recipients at each institution. N is the number of institutions in the comparison group.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Winter 2021-22, Student Financial Aid survey component.

**Figure 10. Retention rates of first-time degree/certificate seeking students, attendance status: Fall 2020 cohort**

NOTE: Retention rates are measured from the fall of first enrollment to the following fall. Academic reporting institutions report retention data for the Fall 2019 cohort of students who are still enrolled as of the institution's official fall reporting date or as of October 15, 2021. Program reporters determine the cohort with enrollment any time between August 1 - October 31, 2020 and retention based on August 1, 2021.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Spring 2022, Fall Enrollment survey component.

**Figure 11. Graduation and transfer-out rates of full-time, first-time degree/certificate-seeking undergraduate students within 150% of normal time to program completion: 2018 cohort**

NOTE: Graduation rate cohort includes all full-time, first-time degree/certificate-seeking undergraduate students. Graduation and transfer-out rates are the Student Right-to-Know rates. Only institutions with mission to prepare students to transfer are required to report transfer out. For more details, see the Methodological Notes. N is the number of institutions in the comparison group.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Winter 2021-22, Graduation Rates survey component.

Figure 12. Graduation rates of full-time, first-time degree/certificate-seeking undergraduate students within 150% of normal time to program completion, by race/ethnicity: 2018 cohort

NOTE: For more information about disaggregation of data by race and ethnicity, see the Methodological Notes. The graduation rates are the Student Right-to-Know (SRK) rates. Median values for the comparison group will not add to 100%. N is the number of institutions in the comparison group.

<sup>1</sup> The use of Nonresident is for reporting purposes only and does not reflect a change in the collection of data for this category

SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Winter 2021-22, Graduation Rates survey component.

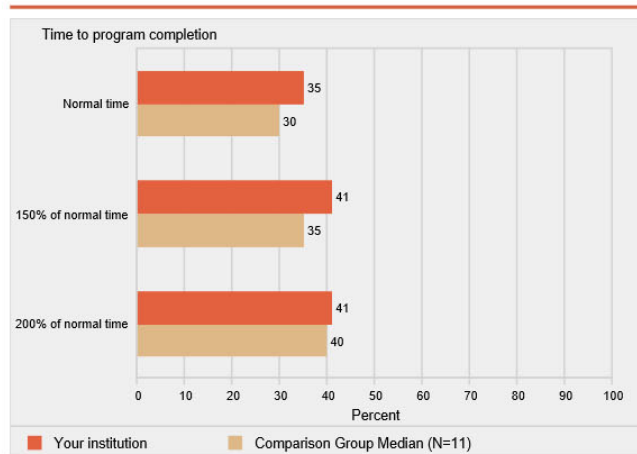

Figure 13. Graduation rates of full-time, first-time degree/certificate-seeking undergraduate students within 150% of normal time to program completion, by type of aid: 2018 cohort

NOTE: Graduation rate cohort includes all full-time, first-time degree/certificate-seeking undergraduate students. Data were collected on those students, who at entry of the cohort, were awarded a Pell Grant and students who were awarded a Subsidized Stafford loan, but did not receive a Pell Grant. Graduation rates are the Student Right-to-Know rates. For more details, see the Methodological Notes. N is the number of institutions in the comparison group.

SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Winter 2021-22, Graduation Rates survey component.

Figure 14. Graduation rates of full-time, first-time degree/certificate-seeking undergraduate students within normal time, and 150% and 200% of normal time to program completion: 2017 cohort

NOTE: The 150% graduation rate is the Student Right-to-Know (SRK) rates; the Normal time and 200% rates are calculated using the same methodology. For details, see the Methodological Notes. N is the number of institutions in the comparison group.

SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Winter 2021-22, 200% Graduation Rates survey component.

Figure 15. Award and enrollment rates of first-time, full-time, degree/certificate-seeking undergraduate students after 8 years of entry, by Pell status: 2013-14 cohort

NOTE: Award measures are based on the highest award received after 8 years of entry and enrollment measures are based on students who did not receive an award after 8 years of entry. Student cohorts (i.e., first-time, full-time; first-time, part-time; non-first-time, full-time; and non-first-time, part-time) are degree/certificate-seeking undergraduate students who entered the institution between July 1, 2013-June 30, 2014. Pell recipients are students with demonstrated financial need. For more details, see the Methodological Notes. N is the number of institutions in the comparison group. Medians are not reported for comparison groups with less than three values.  
 SOURCE: U.S. Department of Education, National Center for Education Statistics, Integrated Postsecondary Education Data System (IPEDS): Winter 2021-22, Outcome Measures survey component.

Figure 16. Award and enrollment rates of first-time, part-time, degree/certificate-seeking undergraduate students after 8 years of entry, by Pell status: 2013-14 cohort

NOTE: Award measures are based on the highest award received after 8 years of entry and enrollment measures are based on students who did not receive an award after 8 years of entry. Student cohorts (i.e., first-time, full-time; first-time, part-time; non-first-time, full-time; and non-first-time, part-time) are degree/certificate-seeking undergraduate students who entered the institution between July 1, 2013-June 30, 2014. Pell recipients are students with demonstrated financial need. For more details, see the Methodological Notes. N is the number of institutions in the comparison group. Medians are not reported for comparison groups with less than three values.

## METHODOLOGICAL NOTES

### Overview

This report is based on data supplied by institutions to IPEDS during 2021-22 data collection year. Response rates exceeded 99% for most survey components. IPEDS data release memos at <https://nces.ed.gov/ipeds/use-the-data/survey-components> provide an overview of the number of institutions responding to the survey components. Furthermore, data used in this report are provisional level and may be revised for a limited time through the IPEDS Prior Year Revision system.

### Use of Median Values for Comparison Group

This report compares your institution's data to the median value for the comparison group for each indicator shown in the figure. If more than one indicator is present in a figure, the median values are determined separately for each indicator. Medians are not displayed for comparison groups with fewer than three values. Where percentage distributions are presented, median values may not add to 100%. To access all the data used to create the figures included in this report, go to 'Use the Data' portal on the IPEDS website at this provided link (<https://nces.ed.gov/ipeds>).

### Missing Indicators

If an indicator is not reported for your institution, the omission implies that the indicator is not relevant to your institution and the data were not collected. Not all notes may be applicable to your report.

### Use of Imputed Data

All IPEDS data are subject to imputation for total (institutional) and partial (item) nonresponse. If necessary, imputed values were used to prepare your report.

### Data Confidentiality

IPEDS data are not collected under a pledge of confidentiality.

### Disaggregation of Data by Race/Ethnicity

When applicable, some indicators are disaggregated by race/ethnicity. Data disaggregated by race/ethnicity have been reported using the 1997 Office of Management and Budget categories. Detailed information about the race/ethnicity categories can be found at <https://nces.ed.gov/ipeds/Section/Resources>.

### Cohort Determination for Reporting Student Financial Aid, Graduation Rates, and Outcome Measures

Student cohorts for reporting Student Financial Aid and Graduation Rates data are based on the reporting type of the institution. For institutions that report based on an academic year (those operating on standard academic terms), student counts and cohorts are based on fall term data. Student counts and cohorts for program reporters (those that do not operate on standard academic terms) are based on unduplicated counts of students enrolled during a full 12-month period.

Student cohorts for reporting Outcome Measures are based on a full-year cohort from July 1-June 30 for all degree-granting institutions.

## DESCRIPTION OF INDICATORS USED IN THE FIGURES

### Admissions (only for non-open-admissions schools)

#### *Admissions and Test Score Data*

Admissions and test score data are presented only for institutions that do not have an open admission policy, and apply to first-time, degree/certificate-seeking undergraduate students only. Applicants include only those students who fulfilled all requirements for consideration for admission and who were notified of one of the following actions: admission, non-admission, placement on a wait list, or application withdrawn (by applicant or institution). Admitted applicants (admissions) include wait-listed students who were subsequently offered admission. Early decision, early action, and students who began studies during the summer prior to the fall reporting period are included. For customized Data Feedback Reports, test scores are presented only if scores are required for admission.

## Lamar Community College

### Student Enrollment

#### *Enrollment Counts*

12-month Enrollment captures a cumulative unduplicated headcount of enrollment over the full 12-month period beginning July 1 and ending June 30. In contrast, Fall Enrollment captures number of students enrolled on a particular date in the fall. Fall enrollment is often referred to as a "snapshot" of an institution's enrollment at a specific time.

#### *FTE Enrollment*

The full-time equivalent (FTE) enrollment used in this report is the sum of the institution's FTE undergraduate enrollment and FTE graduate enrollment (as calculated from or reported on the 12-month Enrollment survey component). Undergraduate and graduate FTE are estimated using 12-month instructional activity (credit and/or clock hours). See "Calculation of FTE Students (using instructional activity)" in the IPEDS Glossary at <https://surveys.nces.ed.gov/ipeds/VisGlossaryAll.aspx>.

### Completions

#### *Completions and Completers*

Completions collects data on undergraduate and graduate completions and completers in a 12-month period. Completions are the counts of postsecondary awards granted where each award reported once but multiple awards may be reported for one recipient. Completers are the counts of students granted postsecondary awards. The count of completers is collected in two ways. The first way counts all completers, while the second way counts completers by award level (e.g., number of associate's completers, number of bachelor's completers).

### Student Financial Aid

#### *Financial Aid Recipients and Amounts*

Student Financial Aid collects the counts of undergraduate students awarded different types of financial aid and the total amounts of aid awarded. The average dollar amount of aid awarded is then calculated. In addition, Student Financial Aid collects counts of full-time, first-time undergraduate students awarded aid and amounts of aid, and counts and disbursed amounts for undergraduate and graduate students receiving military education benefits.

### Charges and Average Net Price

#### *Tuition and Required Fees*

Tuition is defined as the amount of money charged to students for instructional services, and required fees are those fixed sum charges to students for items not covered by tuition and that are required of such a large proportion of all students that the student who does not pay the charge is an exception. The amounts used in this report are for full-time, first-time degree/certificate-seeking undergraduate students and are those used by the financial aid office to determine the financial need. For institutions that have differential tuition rates for in-district or in-state students, the lowest tuition rate is used in the figure. Only institutions that operate on standard academic terms will have tuition figures included in their report.

#### *Average Institutional Net Price*

IPEDS collects data to calculate average net price at each institution for two groups of undergraduate students: those awarded grant and scholarship aid and those awarded Title IV federal aid.

Average net price is calculated for full-time, first-time degree/certificate-seeking undergraduate students who were awarded grant or scholarship aid from the federal government, state/local government, or the institution anytime during the academic year. For public institutions, this includes only students who paid the in-state or in-district tuition rate. Other sources of grant aid are excluded. Average net price is generated by subtracting the average amount of federal, state/local government, and institutional grant and scholarship aid from the total cost of attendance. Total cost of attendance is the sum of published tuition and required fees (lower of in-district or in-state for public institutions), books and supplies, and the weighted average of room and board, and other expenses.

For the purpose of the IPEDS reporting, aid awarded refers to financial aid that was awarded to, and accepted by, a student. This amount may differ from the aid amount that is disbursed to a student.

## Retention, Graduation Rates, and Outcome Measures

### *Retention Rates*

Retention rates are measures of the rate at which students persist in their educational program at an institution, expressed as a percentage. For four-year institutions, this is the percentage of first-time bachelors (or equivalent) degree-seeking undergraduate students from the previous fall who are still enrolled in the current fall. For all other institutions this is the percentage of first-time degree/certificate-seeking undergraduate students from the previous fall who either re-enrolled or successfully completed their program by the current fall. The full-time retention rate is calculated using the percentage of full-time, first-time degree/certificate-seeking undergraduate students, while the part-time rate is calculated using the percentage of part-time, first-time degree/certificate-seeking undergraduate students.

### *Graduation Rates and Transfer-out Rate*

Graduation rates are those developed to satisfy the requirements of the Student Right-to-Know Act and Higher Education Act, as amended, and are defined as the total number of individuals from a given cohort of full-time, first-time degree/certificate-seeking undergraduate students who completed a degree or certificate within a given percent of normal time to complete all requirements of the degree or certificate program; divided by the total number of students in the cohort of full-time, first-time degree/certificate-seeking undergraduate students minus any allowable exclusions. Institutions are permitted to exclude from the cohort students who died or were totally and permanently disabled; those who left school to serve in the armed forces or were called up to active duty; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on an official church mission.

A further extension of the traditional Graduation Rates (GR) survey component which carries forward 100% and 150% graduation rates data previously reported in the GR survey component is the Graduation Rates 200% (GR200) survey component, which requests information on any additional completers and exclusions from the cohort between 151% and 200% normal time for students to complete all requirements of their program of study.

Transfer-out rate is the total number of students from the cohort who are known to have transferred out of the reporting institution (without earning a degree/award) and subsequently re-enrolled at another institution within the same time period; divided by the same adjusted cohort (initial cohort minus allowable exclusions) as described above. Only institutions with a mission that includes providing substantial preparation for students to enroll in another eligible institution are required to report transfers out.

### *Outcome Measures Data*

Alternative measures of student success are reported by degree-granting institutions to describe the outcomes of four degree/certificate-seeking undergraduate student groups: first-time, full-time entering (FTFT); first-time, part-time entering (FTPT); non-first-time, full-time entering (NFTFT); and non-first-time, part-time entering (NFTPT). Additionally, each of the four cohorts collects data on two subcohorts: Pell grant recipients and non-Pell grant recipients. These measures provide the 4-year, 6-year, and 8-year award rates (or completions rates) after entering an institution. NCES calculates award rates by dividing a cohort's or subcohort's adjusted cohort into the number of total awards at 4-year, 6-year, and 8-year status points.

The initial cohort can be revised and take allowable exclusions resulting in an adjusted cohort. Institutions are permitted to exclude from the initial cohort students who died or were totally and permanently disabled; those who left school to serve in the armed forces or were called up to active duty; those who left to serve with a foreign aid service of the federal government, such as the Peace Corps; and those who left to serve on an official church mission.

The highest award and the type of award (i.e., certificate, Associate's, or Bachelor's) are reported at each status point. For students who did not earn an undergraduate award after 8-years of entry, the enrollment statuses are reported as either still enrolled at the institution, or subsequently transferred out of the institution. Unlike the Graduation Rates data, all institutions must report on a full-year cohort (students entering July 1 of one year to June 30 of the next year) and on their transfer out students, regardless if the institution has a mission that provides substantial transfer preparation.

## Finance

### *Core Revenues*

Core revenues for public institutions reporting under GASB reporting standards include tuition and fees; government (federal, state, and local) appropriations and operating and nonoperating grants/contracts; private gifts, grants, and contracts (private operating grants/contracts plus gifts and contributions from affiliated entities); sales and services of educational activities; investment income; other operating and nonoperating sources; and other revenues and additions (capital appropriations and grants and additions to permanent endowments). "Other core revenues" include federal appropriations, sales and services of educational activities, other operating and nonoperating sources, and other revenues and additions.

## Lamar Community College

Core revenues for private, not-for-profit institutions (and a small number of public institutions) reporting under FASB reporting standards include tuition and fees; government (federal, state, and local) appropriations and grants/contracts; private gifts, grants and contracts (including contributions from affiliated entities); investment return; sales and services of educational activities; and other sources (a generated category of total revenues minus the sum of core and noncore categories on the Finance survey component). "Other core revenues" include government (federal, state, and local) appropriations, sales and services of educational activities, and other sources.

Core revenues for private, for-profit institutions reporting under FASB reporting standards include tuition and fees; government (federal, state, and local) appropriations and grants/contracts; private grants/ contracts; investment income; sales and services of educational activities; and other sources (a generated category of total revenues minus the sum of core and noncore categories on the Finance survey component). "Other core revenues" include government (federal, state, and local) appropriations and other sources.

At degree-granting institutions, core revenues exclude revenues from auxiliary enterprises (e.g., bookstores and dormitories), hospitals, and independent operations. Non-degree-granting institutions do not report revenue from auxiliary enterprises in a separate category, and thus may include these amounts in the core revenues from other sources.

### *Core Expenses*

Core expenses include expenses for instruction, research, public service, academic support, student services, institutional support, scholarships and fellowships (GASB) or net grant aid to students (FASB) and other expenses. Core expenses exclude expenses for auxiliary enterprises, hospitals, and independent operations. "Other core expenses" is the sum of grant aid/scholarships and fellowships and other expenses.

### *Endowment Assets*

Endowment assets, for public institutions under GASB reporting standards, and private, not-for-profit institutions under FASB reporting standards, include gross investments of endowment funds, term endowment funds, and funds functioning as endowment for the institution and any of its foundations and other affiliated organizations. Private, for-profit institutions under FASB do not hold or report endowment assets.

### *Salaries and Wages*

Salaries and wages for public institutions under GASB reporting standards and private (not-for-profit and for-profit) institutions under FASB reporting standards, include amounts paid as compensation for services to all employees regardless of the duration of service, including all regular or periodic payments to a person for the regular or periodic performance of work or a service and payment to a person for more sporadic performance of work or a services (e.g., overtime, extra compensation, summer compensation, bonuses, sick or annual leave, etc.)

## Staff

### *FTE Staff*

The full-time-equivalent (FTE) by occupational category is calculated by summing the total number of full-time staff and adding one-third of the total number of part-time staff. Occupational categories include instructional staff, research staff, public service staff, instructional support staff, management staff, and other occupations. Instructional staff are primarily engaged in teaching and do a combination of teaching, research, and/or public service. Research staff are staff whose primary function is research while public service staff are staff whose primary function is public service. Instructional support occupations include archivists, curators, and museum technicians; librarians and media collections specialists; librarian technicians; student and academic affairs and other education services occupations. Other staff include staff in service occupations; sales and related occupations; office and administrative support occupations; natural resources, construction, and maintenance occupations; production, transportation and material moving occupations; and military specific occupations. Graduate assistants are not included.

### *Equated Non-Medical Instructional Staff Salaries*

Institutions report the number of full-time non-medical instructional staff and their salary outlays by academic rank, gender, and the number of months worked (9-, 10-, 11-, and 12-months). Salary outlays for staff who worked 10-, 11-, and 12-months were equated to 9-months of work by multiplying the outlays reported for 10-months by 0.90, the outlays reported for 11 months by 0.818, and the outlays reported for 12-months by 0.75. The equated 10-, 11-, and 12-outlays were then added to the outlays for instructional staff that worked 9-months to generate a total 9-month equated salary outlay. The total 9-month equated outlay was then divided by total number of non-medical instructional staff to determine an equated 9-month average salary. This calculation was done for each academic rank. Salary outlays were not reported for staff that work less than 9-months and were excluded.

### *Student-to-Faculty Ratio*

Institutions can provide their institution's student-to-faculty ratio (i.e., student-to-instructional staff) for undergraduate programs or follow the NCES guidance in calculating their student-to-faculty ratio, which is as follows: the number of FTE students (using Fall Enrollment survey component data) divided by total FTE instructional staff (using the total primarily instruction + instruction/research/public service staff reported in Human Resources survey component and adding any not primarily instructional staff that are teaching a credit course). For this calculation, FTE for students is equal to the number of the full-time students plus one-third the number of part-time students; FTE for instructional staff is similarly calculated. Students in "stand-alone" graduate or professional programs (such as, medicine, law, veterinary, dentistry, social work, or public health) and instructional staff teaching in these programs are excluded from the FTE calculations.

### **Additional Resources**

Additional information on the IPEDS survey components, including survey methodology, survey forms, and frequently asked questions, can be found at <https://nces.ed.gov/ipeds/use-the-data/survey-components>.

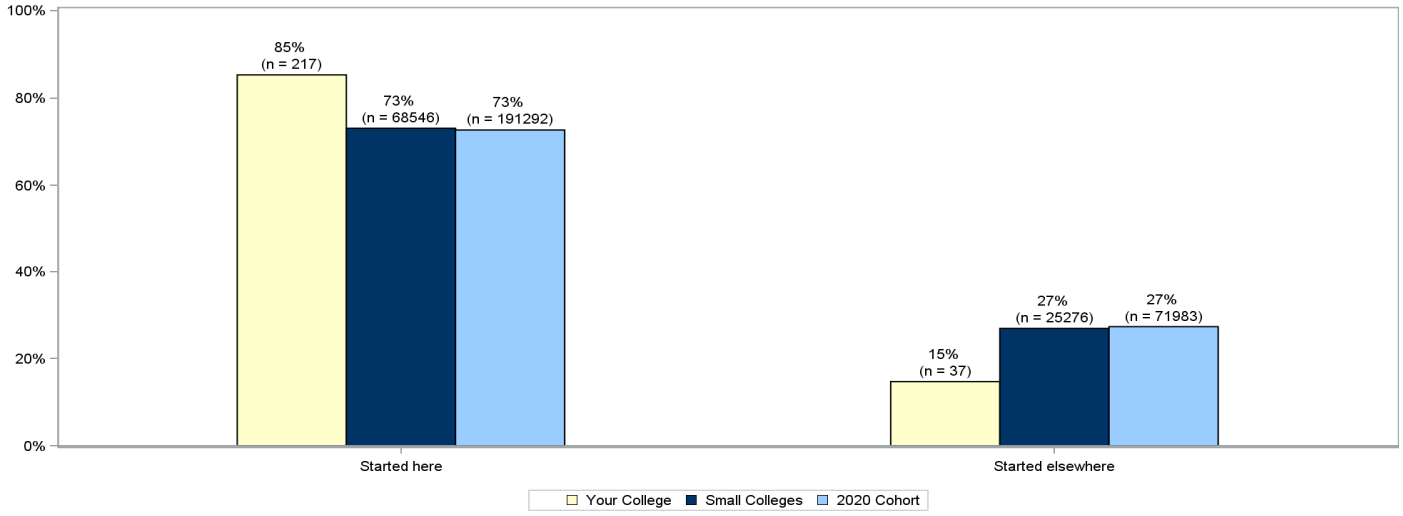

Additional information on the timing of IPEDS data collection, data coverage, and data release cycle, can be found at <https://nces.ed.gov/ipeds/use-the-data/timing-of-ipeds-data-collection>.

Additional definitions of variables used in this report can be found in the IPEDS glossary available at <https://surveys.nces.ed.gov/ipeds/VisGlossaryAll.aspx>.

Additional resources on the IPEDS Data Feedback Report, including the instructions on creating a custom comparison report, FAQs, and video tutorials, can be found at <https://nces.ed.gov/ipeds/Help/View/2>.

Inservice 1/11/23 CTE PLO and program review meeting.

10:00 -12:00 VP McLemore/Dean Lasley

Program Improvement Planning - CTE Faculty Betz 103

- Program Learning Outcomes
- Development and Assessment Plans for CTE facility

Program Faculty from Nursing, Welding, HTM/EBM, Ag, Business, Construction Trades  
and, Kelli Gaines, Kyle Lasley, Larry McLemore

The Workshop today was interactive. Our focus was on conversations about connecting our PLOs with our program assessment planning.

The workshop overview consisted of how all our various assessments relate to and interact with all of the HLC accreditation expectations for program improvement planning.

Individual programs reported out on their current PLO assessment tools, and how they are utilized into the overall programming assessments. All the programs have PLO assessment, Programming assessment through Perkins CTE annual reviews, as well as advisory and industry engagement efforts aligned to the overall health and viability of the individual program areas that are collectively utilized for program review and planning.

The group focused on the alignment and documentation of the various assessments and how we can collectively better communicate each assessment as collective components of the process utilized to analyze and review our various programming. Currently all CTE programs review data for Perkins reporting, Advisory committee recommendations Industry evaluations of both student and program learning outcomes, completion placement and credential attainment in applicable areas.

The Theme overall is that connecting all the outcome assessments into the program review process in reportable and archival process documentation is our emerging immediate need. Many of the assessment artifacts and processes LCC CTE faculty currently utilize are the documentation used to plan. the need is in clarifying our processes.

Today after all programs reported out it became clear we are using PLO assessment and Program review assessment through Perkins and various other annual assessment work to guide our program planning for continuous improvement.

Next steps in our comprehensive program review process currently underway is to streamline and chart our collective assessments into a navigable map of our review process. All programs have intricacies in delivery and assessment of learning; however, all programs have continuity in assessment components, making mapping of the process LCC utilizes common among all areas of CTE instruction.

#### Draft map.

- Program CLO assessments are documented in areas such as all syllabi, and Work based learning agreements.
- Program PLO assessments are documented in the advisory minute, employer evaluations, Perkins annual success metric reporting, and in budget forecasting and requesting processes.
- Annual program review process assessments are documented in Perkins planning Advisory minutes, and the budget planning processes, success, retention, transfer, and placement data
- Five Year comprehensive reviews are all the above in a five-year trend data analysis

Opportunities to create clarity in the five-year comprehensive review and the annual review will be to note the sources of the assessment data utilized in all review processes further communicating the connectedness of the assessment to the larger assessment and planning practices.

#### Nest steps

- Provide noted process handbooks and companion documents to all CTE faculty.
- Move copies of the various process data to single program improvement assessment folders for each program.

**Annual Program Review:**

<u>Description of activities</u>	<u>Common Learning Outcomes supported by the activities</u>
FFA Career Development Day, Prowers & surrounding county fairs, LCC Ag Learning Garden, Onsite visits with ag and finance professionals, events with LCC Foundation, Ag Olympics	Professionalism, Communication, Social Connectedness, Active Thinking

**Program Learning Outcomes Assessment:**

Associate of Applied Science in Agriculture Production Outcomes
---

1. Illustrate desirable professional abilities for employment, including self-motivation, self-awareness, teamwork, flexibility, stress management, and providing quality care for animals.
2. Accurately recognize basic business concepts and policies and how they relate to agriculture in order to provide effective service.
3. Demonstrate effective communication techniques as applied to agriculture and natural resource concepts.
4. Discuss and defend a general knowledge in the agriculture industry by discovering, analyzing, and applying current trends and industry needs toward innovative solutions.
5. Identify and apply concepts of breeding, physiology, nutrition, herd-health, economics and management into practical and profitable animal production programs.
6. Analyze, identify, and implement management decisions that impact agricultural production and finances, to include implementation of appropriate technology in common production scenarios.

#### **Agriculture Certificate Outcomes**

1. This one-year certificate excludes the general education components to allow students to focus solely on agriculture studies. It introduces students to the basics of animal science, agronomy, and ag business.

*Program learning outcomes and assessment plan set to be reviewed in the Fall of 2023*

#### **Precision Agriculture Certificate Outcomes**

This certificate integrates state-of-the-art technology throughout the curriculum to provide students with the knowledge and skills to address a growing industry need in the technology of precision agriculture.

1. Demonstrate the knowledge and techniques required to execute an UAS mission for precision agricultural applications.
2. Demonstrate precision guidance system planning, set-up, and field operations using industry navigation equipment.
3. Demonstrate precision operation of planting techniques, harvesting techniques, and prescription applications.

*Program learning outcomes and assessment plan set to be reviewed in the Fall of 2023*

#### **Veterinary Science Certificate Outcomes**

In alignment with the Program Learning Outcomes common to all students in the Department of Agriculture (see above), graduates of this program will be able to:

1. Describe common veterinary practices.
2. Demonstrate knowledge of veterinary practices and procedures, including office work and working with animals.
3. Apply knowledge of animal health to the veterinary setting, including infectious disease identification and control, sterilization, and disinfection procedures.
4. Graduates of this program will have the ability to illustrate desirable professional abilities for employment, including self-motivation, self-awareness, teamwork, flexibility, stress management, and providing quality care for animals.
5. Program graduates will be able to accurately recognize basic business concepts and policies and how they relate to agriculture in order to provide effective service.
6. A program graduate will be capable of demonstrating effective communication techniques as applied to agricultural and natural resource concepts.
7. Graduates of this program will be able to discuss and defend a general knowledge in agricultural industry by discovering, analyzing and applying current trends and industry needs toward innovative solutions.
8. Identify and apply concepts of breeding, physiology, nutrition, herd-health, economics and management into practical and profitable animal production programs.
9. Analyze, identify and implement management decisions that impact agricultural production and finances, to include implementation of appropriate technology in common production scenarios.

*Program learning outcomes and assessment plan set to be reviewed in the Fall of 2023*

<b>Metric</b> (what kind of instrument is being used to assess these outcomes?)	<b>Methodology/ Frequency (How is the metric applied and when/how often?)</b>	<b>Benchmark/Target</b> (What goals have you set for this metric?)
1. Internships 2. Validation Checklist 3. Exit Interview 4. Competency Sheets 5. Portfolio 6. ## **Minutes**

### ***Agriculture Advisory Committee***

Fall 2022

Wednesday, November 9, 2022 - 6:00 PM-7:00 PM

*NEW CTE Building next to Bowman*

- I. Call to Order
  - a. Brian called to order 6:15PM and Dr. Luhan seconded the motion
- II. Welcome and Introduction of Member and Guests
  - a. Everyone went around the room to introduce themselves
  - b. Dr. Luhan mentioned the word 'new'.....new spaces, new faces, new construction, many new events
    - i. Please let people in your departments know that we have scholarships available for students
    - ii. New transition with President; however, Dr. Luhan is looking forward to seeing LCC continue to succeed
- III. Approval of Spring 2022 Meeting Minutes
  - a. Motion to approve by Lance Jagers, and seconded by Kelly and approved by all
- IV. Old Business
  - a. Precision Ag tractor update
    - i. Stay 3 days in the classroom
    - ii. AGR 2035 Precision Ag Operations – GPS and differential correction, has 2 students, has one week extension

## *Agriculture Advisory Committee*

- iii. AVT 2056 – Unmanned Aircraft Systems Commercial Application – Explains the wide variety of application and operating procedures to ensure a safe outcome
  - iv. AGR 2036 Precision Farming – Hardware Systems – focuses on the installation operation, and troubleshooting of precision farming hardware components – 8 weeks
  - v. 7 other courses to include Theory
- b. Block scheduling feedback
    - i. No comments
  - c. Collegiate judging teams
    - i. Ranch Horse Judging team – 3 students, pilot year, trying to get a coach for next year
    - ii. Livestock judging – see how many students register this coming Spring and partner with Wiley Processing
  - d. Creed Speaking and Ag Day on campus
    - i. Was a successful event, Ag students helped, total 65 students on campus, loved being on campus – would like to do more walking around – break into groups to visit each CTE department
- V. New Business
- a. Discussion on courses and degree programs

## ***Agriculture Advisory Committee***

- i. One of the first questions Brian mentioned/asked is how to adapt to attract more Ag students – adjust program – are we meeting the needs of the students, meeting the needs of the community
  - ii. We offer several degrees and certificates – many guaranteed transfer
  - iii. Thomas Torres mentioned if we could get more involvement toward Ag Education (AS) – Otero offers this
  - iv. Is Meat Judging an option – partner with Wiley Processing – currently not offered
  - v. Industry need for commercial applicators – layer that in with Precision Ag – licensing through this with the state
  - vi. Data Analysis consulting for Ag businesses is needed – could incorporate that into classes – assess with ultrasound before they go into slaughter
- b. Discussion on course review, Ag Club, & concurrent/dual enrollment
- i. Concurrent enrollment – do we continue to offer? – Jagers mentioned anytime we have more classes available, that is helpful – if a student doesn't graduate with 30 credits, they didn't take advantage of it
  - ii. Offer Hybrid classes – Animal Science is setup that way – Ag Econ could be an option – getting college credit plus getting credit for core classes – Ag Math class
- c. Vision for the program

## ***Agriculture Advisory Committee***

- i. New degree/certificate programs? Ag Ed? Regenerative Agriculture?
  1. Regenerative Ag is a topic we need to dive deeper into – at least need to understand – 80% of SE Colorado is already doing this – just not documented – implement into courses we already have or do offer an Intro to Regenerative Ag course? – If that course is not listed on the degree plan, the Federal Financial Aid will not pay
- ii. Transition to West Texas, OPSU or K-State?
  1. If a student identifies early, they want to be in Ag Ed, they start to align them with these institutions
- iii. Spanish language agriculture / livestock classes?
  1. Offering to folks in our local community – perhaps have people to learn Spanish and go in the Feed Lots or Hog Farms – would be more successful to use more Ag-based Spanish/English – utilize the language they are going to use at work
- d. Any Questions
  - i. Continue to ask what the community needs, what do the students need?
  - ii. Dr. Luhan - Our number one goal is to serve students in SE Colorado – attract Front Range students – haven't really targeted that market – build connections

# Minutes

## *Agriculture Advisory Committee*

- iii. How is contact/relationship with Colorado State University? – Needs to be built up again
- iv. Many colleges offer scholarships for Horse Judging/Livestock Judging – expensive
- v. Asked if Brian could come out to the High Schools to speak with the students – to the Springfield area
- vi. Dr. Luhan said this was the best advisory council meeting this Fall

## VI. Adjourn

- a. Adjourned 7:38PM

## Meeting Minutes

### Agriculture Advisory Board Committee

Spring 2023

May 8, 2023

Cornerstone Café, Wiley, CO 81092

1. Call to order
  - b. Welcome by Agriculture Instructor, Dr. Brian Gauck
2. Introduction of members and guests
3. Review/Approval of minutes (November 9, 2022)
  - a. No changes.
  - b. Dr. Brian Gauck moved to approve minutes; Mr. Thomas Torres seconded. Motion passed.
4. Courses and degree plan updates
  - a. AGP 1046
    - i. ESL offered through LCC
    - ii. CO Beef speakers
    - iii. Feedlot terminology
    - iv. AI and Spanish class
    - v. CO Beef reimbursed for class.
    - vi. Time frame for advertising and register
5. FFA CDE Contest
  - a. LCC Ag hosted Colorado Regional CDE contests on March 29, 2023. Over 800 high school FFA members from 42 high schools participated. This is a cooperative event with many local Ag Teachers and businesses participating in the planning and execution of CDE contests. OPSU and LCC Ag collaborated for meats judging. NRCS and a local landowner collaborated for Land Judging. LCC administration, staff, and faculty supported the event.
6. Connection to 4-year programs
  - a. CSU AG students
  - b. Meat processing plant experience
  - c. Recruiters
  - d. Contacts
7. Community connections
  - a. ESL work-based learning
  - b. Students to other locations
8. State FFA Land Judging
  - a. October 11, 2023 – LCC will host this event.

9. Adding courses and certificates
  - a. AG production degree
    - i. 8 programs total
      - a. master teaching current courses instead of adding more.
    - ii. recruiters to visit high schools.
    - iii. schedule staff to speak.
    - iv. Title 3 funding available
      - a. workshops
    - v. AA degree/dual credit course
10. Vision for the program
  - a. Build on the courses currently offered.
11. Other comments
  - a. Fabrication/welding class
  - b. Drones?
  - c. Grant money for summer
  - d. AG degree instructors professional development workshops on campus
  - e. FFA Career Day 2024
    - i. Scavenger hunt
    - ii. Prizes
    - iii. Plan on different day
    - iv. Title 3 Funding available
  - f. Precision Ag beneficial?
12. Next Meeting
  - a. November 8, 2023, back on campus
13. Adjourn

**Annual Program Review:**

**Business Associate of Applied Science**

Evaluation Year	Perkins Data 5-yr average Completion Rate & Employment Rate	Benchmark: 5-yr average State-Wide Perkins Data	Above or Below Benchmark	Discussed at Advisory Board Meeting (yes/no)	Focus Area	Action Step	Perkins or Other Funding to Support Action Step

## Program Learning Outcomes Assessment:

### **Accounting Certificate Outcomes**

Recipients of the Accounting Certificate will gain the knowledge and skills necessary for entry-level accounting positions.

This one-year program teaches the student basic accounting and payroll skills and offers more accounting theory than the bookkeeping certificate program. It augments a student's basic writing skills as well. With electives, the student may pursue additional knowledge in income tax, business law, business report writing, and/or accounting software packages. The certificate prepares the student to be a full charge bookkeeper in an accounting department and equips the student with the skills needed to advance beyond that level. The program gives the student the necessary academic background to transfer into an associate or bachelor's degree in accounting, if one so desires.

### **Business Certificate Outcomes**

Today's business support person performs the functions of a coordinator of various activities in many business organizations. The one-year Business Certificate provides students with basic knowledge and skills necessary for an entry-level position.

### **Information Technology Certificate**

This certificate will teach general IT skills to students to assist with technology needs for businesses, and provide students the opportunity to find careers in IT in a remote, work-from-home setting.

Program graduates will be able to:

1. Plan, schedule, and coordinate all tasks and activities involved in technical support.
2. Apply knowledge of computing terminology in various situations.
3. Illustrate and apply professional employability skills, such as the importance of being timely and effective communication with customers, clients, and colleagues.
4. Analyze a problem and identify an appropriate solution in various situations.
5. Apply current techniques, skills, and tools necessary for computing practice.

### **Marketing Technology Specialist Certificate Outcomes**

This certificate will provide skills to promote marketing within a small business, including an understanding of technology used in marketing with hands-on projects. Students will gain an understanding of broad marketing functions in management settings while gathering information about the business environment.

### **Associate of Applied Science in Business Outcomes**

1. Professionally communicate both verbally and in writing, using various acceptable techniques to transfer information.
2. Demonstrate a working knowledge of effective management techniques acceptable to business standards.
3. Discuss and apply knowledge of the U.S. Constitution and the Bill of Rights and lawful business practices (including ethics and social responsibility).
4. Demonstrate the ability to construct effective marketing plans and professional business plans.
5. Design effective advertising campaigns and sales strategies as they apply to professional business standards.
6. Identify and recognize current events as they apply to modern economic trends and analyze potential business opportunities.
7. Discuss, interpret and employ various Macroeconomic and Microeconomic concepts as they apply personally, locally, and globally.
8. Employ and operate various accounting concepts effectively while maintaining standards acceptable in the modern professional business environment.
9. Transition into a variety of four-year (Bachelor's) degree programs.
10. Demonstrate mathematical skills relevant to basic business logic and professional environments.

## Business Department PLO Assessment Plan

Metric (what kind of instrument is being used to assess these outcomes?)	Methodology/Frequency (How is the metric applied and when/how often?)	Benchmark/Target (What goals have you set for this metric?)
<p>1. Portfolios specific to Certificates: Accounting – Comprehensive portfolio in ACCT II Course Accounting – Financial Analysis Assignment (Summative Assessment)</p> <p>2. Assignments embedded in each class related to relevant PLO</p> <p>3. Advisory committee member conduct mock interviews for both CLOs and PLOs</p> <p>4. Business Law Summative Assignments focusing on the various areas of law.</p> <p>5. Mock Trials – Tentative</p>	<p>1. Annually. Grading the financial analysis assignment for the Accounting II course.</p> <p>2. Every CTE course has at least one out of class project assigned that brings real-world application to the curriculum. Grade the student on professionalism (ie. posture, mannerism, etc.) Also grade student on his/her progress and if knowledge has progressed.</p> <p>3. Mock interviews as needed based upon student graduation. The mock interviews are assessed by institutional outcomes which are: professionalism, social connectedness, active thinking, and engaged citizenship</p> <p>4. Offer practical applications in different areas of law such as employment law, constitutional law, and corporate law.</p> <p>5. Have guest judges evaluate the mock trial and give scores based on how the students perform. The judges evaluation is completed as a panel. Each student participates in the mock trial in some way or form.</p>	<p>1. 80% of students will successfully meet Portfolio expectations</p> <p>2. 80% of students will complete PLO-embedded assignments</p> <p>3. 75% of students will meet exit interview expectations</p> <p>4. 75% of students will meet Business Law Summative Assignments that focus on the various areas of law.</p> <p>5. 75% of students will meet expectations for Mock Trials</p>

Annually	Spring 2020	Spring 2021	Spring 2022	Spring 2023
1.	100% benchmark met	100% met	100% met	100% met
2.	85% benchmark met	95% met	95% met	100% met

3.	Not met	Not met	Not met	Met
4.	Not met	Not met	Met	Met
5.	50% benchmark not met	Not met	Met	50% met

Goals:

Metric #3- Questions and process finalized Spring 2023.

Metric#4- not met. Changed metric #4 for better application for students.

Metric #5- not met. Due to COVID circumstances we could not hold another mock trial in order to meet full participation. Spring 2023 not met due to co-curriculars and athletic event scheduling conflicts.

**Co-Curricular Institutional Assessment:**

Evaluation Year	Assessment Activity	Benchmark	Above or Below Benchmark	Focus Area	Action Step
22-23	Collaborated with multiple departments such as Cosmetology, HTM/EBM, Agriculture, and English. Marketing class approached a market plan utilizing needs of an assisted living facility in a near-by community.	95% student participation	Above	Marketing, Professionalism, Social Connectedness and Engaged Citizenship	Schedule with other departments, schedule guest speakers
21-22	Worked with Innovate and Make Space to create products, introduce business opportunities and new skills	90% student participation	Above	Communication, Entrepreneurship, Professionalism	Collaborate and schedule time with Innovate and Make Space department
20-21	Worked with Innovate and Make Space to create products, introduce business opportunities and new skills	90% student participation	Above	Communication, Entrepreneurship, Professionalism	Collaborate and schedule time with Innovate and Make Space department

  - a. Rick Robbins moved to approve minutes, Anne-Marie Crampton seconded. Motion passed unanimously.
- III. President’s Update
  - a. Dr. Lujan was not present to be able to give an update with the college.
- IV. Old Business
  - a. Scholarships
    - i. Anne-Marie Crampton stated that there is \$425 in the scholarship fund.  
Anne-Marie stated that she had 3 students who technically qualified but has

1 student who definitely qualifies. Asked members if it would be okay to award the 1 student who does qualify the scholarship.

b. Exit Interview

- i. Mittie Helm is going to field test the exit interview this December and will report back to the committee and fine tune it if needed. Joe Shields asked if Rick Robbins would be willing to take part in the exit interview with students. Joe Shields also asked if VP Larry McLemore would participate in the exit interviews as well. Both Rick and Larry agreed to participate.
- ii. Anne-Marie Crampton asked if Mittie plans to give the students a copy of the set of questions to be able to review them before they are interviewed. Anne-Marie also asked if it would be okay if the students could bring notes in as well.
- iii. Larry asked how long would the students have with the questions prior to the exit interview? Joe and Mittie agreed that they plan on giving the students the questions a day before the interview.

V. New Business

a. Enrollment Update

- i. Mittie explained that class enrollment is currently very strong. All of the business courses are in double digits. Enrollment is much better than last year. Program side, the enrollment is pretty flat, but Mittie feels like it's skewed because she has a lot of students who are currently in AA degrees but doesn't want to do business emphasis.
- ii. Mittie Helm also explained how the 4 year colleges are changing their guarantee transfer courses, and we will have some courses that will be changing. Such as the accounting courses and the removal of Calculus in the AA with emphasis in Business.

- iii. Mittie stated that she will get with Becky Young to see what needs to happen with this change.
- b. Perkins CTE Innovation Grant
  - i. Mittie explained how an innovation grant through Perkins was received to help build and IT lab. The IT lab will be located in Betz Technology Center where construction trades used to be. Ordering process has began but currently everything is back ordered. Currently the business department is in the process building the IT program with a possibility of having 2 year degrees for IT.
  - ii. Currently have chairs and desks for the classroom, and next step will be to purchase the technology. The LCC IT department will be helping out with instruction and being IT adjunct faculty.
  - iii. Anne-Marie asked if its possible to get the recruiter information about the new state of the art IT lab which will help recruit more students. Mittie explained how Robert Vasquez and her have discussed about trying to at least get 1-2 students from our service area students to help build the program.
- c. Review of current program curriculum and competencies to ensure alignment with relevant business and industry standards
  - i. Mittie explained about the IT Certificate and how currently the program has core courses that all students take but then get to branch out depending on what part of the IT industry the student wants to pursue.
  - ii. Mittie also discussed with the committee how remote work has become very popular and wants to make sure that something is being implemented into the program to help students work in a virtual environment.
- d. Employability

- i. Mittie explained how there are internships built into the certificates which helps students have resources to help them become employed after graduation.
  - ii. Mittie also explained that she has some students who want to be entrepreneurs and tries to set students up with resources who are entrepreneurs. The resources then help the students navigate what steps have to be taken to become an entrepreneur.
  - iii. Anne-Marie Crampton mentioned reaching out the Workforce Student Success Navigator who helps administer the Back to Work COSI grant which helps recruit students to pursue a new and hot career, which IT falls under.
  - iv. Mittie enjoys having students who want to improve their skills to get better at their job. Feels like workforce advancement is also important when it comes to employability.
  - v. Rick explained how he has some employees who are promoted and struggle with the new role of supervisor with employees who used to be their peers. Leadership training to understand a supervisor's role in helping employees with their jobs is important in employability and career advancement.
- e. Methods for increasing participation and completion by underrepresented gender students
- i. Mittie and Joe both attended cultural diversity training in June 2022. They both learned more ways to reach students based on their culture and backgrounds to increase participation and completion. This is designed to meet students where they are academically and to incorporate different learning styles with higher levels of Bloom's Taxonomy that allow students to demonstrate their knowledge of the course content. The result is intended to encourage students to complete their degree, while fostering classroom engagement.

- ii. Mittie is currently implementing a policy called ungrading. Which allows students to complete assessments but they get to go back and show how much they learned and could update their grade.

- f. 5 Year Trends Report and Performance Metrics

- VI. Next meeting

- VII. Adjourn

- a. 1:15 PM

## **Business & Information Technology Advisory Committee Meeting**

Spring 2023

April 6, 2023

Colorado Mills & Zoom

- I. Call to order
  - a. Welcome by Mr. Joseph Shields
  
- II. Introduction of members and guests
  
- III. Review/Approval of minutes (Fall 2022, September 14, 2022)
  - a. No changes.
  - b. Ms. Kendra King moved to approve minutes; Ms. Mittie Helm seconded. Motion passed.
  
- IV. Update from LCC President, Dr. Rosana Reyes
  - a. Two-month benchmark as president
  - b. Keeping a busy schedule
  - c. Communication improvements
  - d. Enrollment is good
    - i. High school applicants
  - e. Expansion
  - f. \$875,000 grant
    - i. Behavior and health
  
- V. Exit Interview by Mr. Joseph Shields
  - a. Volunteers for exit interview
    - i. Ms. Kendra King, Mr. Kyle Lasley, Mr. Shane Hawks, and Mr. Shawn\_\_
  - b. Scheduled for Spring 2023; April 20 at 1:30 pm.
  - c. One hour time frame
  - d. Gift certificates for student participation
  
- VI. Program Updates & Changes by Ms. Mittie Helm
  - a. Associates of Arts (Business)

- i. New math options and electives
- ii. Different accounting courses
- iii. Changes take effect this summer

VII. DEI Classroom Instruction

- a. Grants

VIII. IT Innovation Grant

- a. Perkins
- b. \$250,000 grant
- c. July deadline
- d. Marketing

IX. CTE 5-Year Trends

- a. No data

X. Workforce Employability

- a. Graduates employed in area of degree
- b. Deficits
- c. Personal Finance Class

XI. Other Comments

XII. Next Meeting

- a. September

XIII. Adjourn

Minutes taken by Alma Gallegos

**Annual Program Review:**

**Construction Technologies**

Evaluation Year	Perkins Data 5-yr average  Completion Rate & Employment Rate	Benchmark: 5-yr average  State-Wide Perkins Data	Above or Below Benchmark	Discussed at Advisory Board Meeting (yes/no)	Focus Area	Action Step	Perkins or Other Funding to Support Action Step
22-23	Completion Rate: 62%  Employment Rate: 99%	Completion Rate: 39%  Employment Rate: 96%	Completion Rate: Above  Employment Rate: Above	Yes	Project-Based Learning  Employability and timeliness	1. Continue working toward fully integrating home building into the program in a way that is most beneficial to students. 2. Work on expanding first certificate into area high schools to.	COPERR Funding to support remodel of home in Wiley, CO and expansion into High School sites (ongoing).

2023-2024 Perkins Funded Project Requests						
DEPARTMENT NAME:	Construction Trades					
	<b>PRIORITY ITEM 1</b>					
ITEM - WHAT, EXACTLY, WILL BE ON THE INVOICE? Provide a list of item(s), link, and the specific cost of each item.	WEN 6369 Variable Speed 5 Amp Drywall Sander with 15' hose (x2) \$130.94 EA. TOTAL: \$261.88					

<p>What Perkins V strategic plan goal(s) will this purchase address: 1. Career Advisement &amp; Development; 2. Instructor Recruitment &amp; Retention; 3. Partnerships; 4. Quality Programs; 5. Work-based learning</p>	<p>2. Instructor Recruitment and Retention 4. Quality Programs 5. Work-based Learning</p>					
<p>WHAT PERKINS PERFORMANCE METRIC IS THE FUNDED PROJECT OBJECTIVE? Select one of the following: 1. Technical Skill Attainment; 2. Certificate/Degree Completion; 3. Student Retention; 4. Placement; 5. Non-traditional Participation; 6. Non-traditional Completion.</p>	<p>1. Technical Skill Attainment 2. Certificate/Degree Completion 3. Student Retention</p>					
<p>DO X - WHAT IS AN ACTION RELATED TO THE ITEM YOU WISH TO PURCHASE (think action verbs)? What will this purchase accomplish for your program/students that is not already in place. Or, what expansion/modernization will happen and how will it benefit the program/students?</p>	<p>This purchase will help students to see real-world tools and work at a faster and higher quality which will in turn allow them to complete homes within the one year timeframe.</p>					
<p>ACCOMPLISH Y - WHAT OUTCOMES DO YOU EXPECT FROM THIS PURCHASE? Program outcomes (from strategic plan), or student outcomes (from syllabi and industry standards). List AT LEAST 3 outcomes - something that you currently cannot accomplish, accomplish well, or cannot meet competencies/standards without this purchase.</p>	<p>1. We are currently struggling to complete our drywall within the allotted timeframe for the COPERR house project. This will make sanding faster which will help us finish on time. 2. Students do not currently have these tools to use in the program. With these tools, students would be able to see the same tools that are used in the industry. 3. The current drywall quality is difficult to achieve without taking a great deal of time. With these tools, productivity and quality will increase.</p>					
<p>HOW DO THESE EXPECTED OUTCOMES SUPPORT THE PROJECT OBJECTIVE? Tell me specifically how this purchase is going to support the performance metric that you chose.</p>	<p>These tools will allow students to see tools that are used on jobsites every day. It will also allow them to sand drywall faster which will help achieve the goal of completing one home build per year.</p>					
<p>SPENDING CATEGORY (Determined by Perkins Administrator)</p>						
<p>APPROVED YES/NO (Determined by Perkins Administrator)</p>						

**Additional Evaluation Criteria:**

**Course Completion Rates (LCC has utilized the Colorado Community College System (CCCS) State-Wide Course Completion Rates as the benchmark for the program).**

<b>CCCS Total</b>	<b>81%</b>	<b>81%</b>	<b>80%</b>	<b>81%</b>

**Program and Institutional Assessment:**

**Construction Trades: Associate of Applied Science with Stackable Certificates embedded**

Evaluation Year	Assessment Category/Rates	Benchmark	Above or Below Benchmark	Focus Area	Action Step
19-20	<p>1. Evidence of Employability including On-Time to class sessions, Attendance, Classroom and Lab projects participation.</p> <p>2. Understand and demonstrate proper hand and power tool identification, safety and use</p> <p>3. Semester summative projects demonstrating acquired knowledge, carpentry skill attention to detail and project completions.</p>	<p>1. Evidence of Employability – 75% of students will pass the metric criteria for attendance and participation. This can be an indication of employability in field</p> <p>2. 100 % of Students will demonstrate proper tool identification, safety and use.</p> <p>3. 75% of Students will successfully complete Construction Trades lab projects.</p>	COVID - no data	Student/Program assessment based on tool identification, safe use and proficiency with completed projects. Familiarity with construction terms, plans and documents commonly used in the industry	Develop measurable methods for assessing student skills in the construction lab and in the understanding of the construction industry
20-21	<p>1. PLO 1-7 Demonstrate proficiency in carpentry skills (framing, windows/doors, finish work, drywall application)</p> <p>2. PLO 8 Identify materials</p>	75% or more students will pass their carpentry courses in each pertinent semester with a 60% or above. These classes include CAR 100, 103, 123, 125, 130, 170, 171, 270, and 271.	Above	Skills centered training and Entry Level Workplace Skills	Complete lab-based work stations.

	for construction projects and estimate costs and quantities.				
<b>21-22</b>	<p>1. PLO 9 Demonstrate professional employability skills – timelines, working in groups, providing quality service and finished product.</p> <p>2. PLO 8 Locate, identify and interpret the 2018 Residential Building Code Book.</p>	<p>75% or more students will pass their carpentry courses in each pertinent semester with a 60% or above. These classes include CAR 100, 103, 123, 125, 130, 170, 171, 270, and 271.</p> <p>75% of students will also pass their building codes class AEC 236 with a 70% or above.</p>	Above	Project based learning. Employability and timeliness	Complete Lamar home remodel.
<b>22-23</b>	<p>1. PLO 1-8 Apply knowledge of how to effectively manage a construction project and apply current construction materials and methods.</p> <p>2. PLO 9 Demonstrate ability to problem solve, inquire, and adapt to changes on an active site.</p>	<p>75% or more students will pass their carpentry courses in each pertinent semester with a 60% or above. These classes include CAR 100, 103, 123, 125, 130, 170, 171, 270, and 271.</p> <p>Students demonstrate problem solving and group working abilities by participating in in-class work on home remodel.</p>	Above	Project Based Learning Safety	Begin Wiley home remodel and work on high school trailer outfitting.

**Co-Curricular Institutional Assessment:**

Evaluation Year	Assessment Activity	Benchmark	CLO Alignment	Focus Area	Action Step
19-20	Campus-wide projects inc. cabinet repair, shelving installation, alterations, design and build construction lab enhancements and classroom demolition/renovation	Increase student participation in enhanced skill training	Active Thinking Communication Professionalism Social Connectedness	Integrate construction lab training with select external assignments	Initiate external campus projects consistent with skills learned in the construction lab
20-21					
21-22					
22-23	Southeast Developmental Services Planter Box Project: Design and build planter boxes for client use in SDS's day program.	Increase student community involvement and outreach	Active Thinking Communication Professionalism Social Connectedness	Utilize skills learned in the program for volunteering and bettering community.	Meet end users needs including accessibility and versatility (mobile planters).

# Results

**Program Name:**

Construction Trades

**School:**

Lamar Community College

Based on the results provided, here are your 11 areas of strength or opportunity. The higher the score, the higher your program's strengths.

Standards-aligned and Integrated Curriculum	85.71	Facilities, Equipment, Technology and Materials	87.50
Sequencing and Articulation	71.88	Business and Community Partnerships	55.56
Student Assessment	75.00	Student Career Development	56.25
Prepared and Effective Program Staff	66.67	Career and Technical Student Organizations (CTSOs)	
Engaging Instruction	80.00	Work-based Learning	63.89
Access and Equity	87.50	Data and Program Improvement	62.50

## **Meeting Minutes**

### ***Construction Trades Advisory Committee***

*Date: Wed, October 19<sup>th</sup>, 2022*

*Time: 4:00pm*

*Conducted in person*

- I. Call to Order – Kristie
  - Introduction
    - i. Everyone went around the room to introduce themselves: Rod Dunn, Jake Specht, Anne-Marie Crampton, Dr. Linda Lujan, Tim Courkamp, Kendra King, Larry McLemore, Kristie Face
  - Approval of minutes
    - i. Motion by Jake Specht passed unanimously
  
- II. President's report/update- Dr. Lujan
  - Update CTE Building Progress/Completion - Dr. Lujan
    - i. Continue working on getting CTE students
    - ii. Tim Courkamp...thank you for representing the industry this evening
    - iii. Quick report: Dr. Lujan said week of November 1<sup>st</sup> the finalists for President position will be here in the large lecture hall – input from staff, students is important – overall decision is up to the Chancellor
    - iv. Enrollment overall is flat for Fall 2022 – Construction Trades enrollment has doubled
    - v. Money for students available
    - vi. Many students are opting to go straight into the workforce versus going to college
    - vii. Many people leaving for personal and professional reason; however, we have filled our positions with many wonderful new employees
    - viii. Larry McLemore shared about a professional development option – bring in trainer - builders in one of the Ford Motor Companies in California – instruction delivery method can be remote
  
- III. Program Updates and Changes
  - COPERR Expansion Update – Jake
    - i. Original COPERR agreement allowed to renovate some homes – funding to do 7 houses - next house will be built brand new
    - ii. Received new funding – allow LCC to build out 2 trailers for students to utilize tools – one south and one north to Grenada or Eads – allows students to complete their first certificate and hopefully pull from the pool to gain more enrollment

- iii. Build modular homes onsite at LCC – benefit of the new funding – and then move the structure to a specific location
- iv. Expansion plan to FY 2026
- v. Tiny Homes discussion – will be on hold until the state steps in to specify zoning, foundation, etc. – minimum sq footage is 900 – discrepancies with all the different building codes
- vi. Consider duplexes/triplexes as an option to have students build this type of construction since local contractors are not interested in building these types of structures because too costly

IV. Enrollment Update – Jake/Rod

- Number of students in Spring 2022
  - i. 15 students total - 6 are in 2<sup>nd</sup> year; 9 are in 1<sup>st</sup> year
  - ii. Possible Spring interest from a few students
- 1<sup>st</sup> and 2<sup>nd</sup> year students/Certificates/AAS Construction Trades
  - i. Degree plan is 4 semesters; can do all 4 certificates and get an associate degree; seems to work well – Jake is not sure that the degree path fits well based on the labs, and building homes off site - not what is written on paper – as enrollment grows, you could have 3 or more projects going on at one time – communicating to the students about the academic plan may not always align with the weather or locations – the students at some point will be able to see everything in the program
- COPERR house project progress
  - i. Done framing; waiting on subs for the roof; exterior plans in the works; slightly behind schedule on windows

V. Comments, Suggestions or Ideas

- Open discussion
  - i. Dr. Lujan – ‘When we get to 100 students’ – will need to have 2 full time contractors and have some instructors solely in the classroom
  - ii. Larry McLemore – how many contractors /home builders in the area? - Tim and Rod shared that most are retiring or leaving the industry
  - iii. Looking at having the next meeting in the evening; serve food; possibly have several meetings at different locations

VI. Next Meeting – Need to schedule meeting for Spring ahead of time so Kristie can get it on the calendar.

- March 1<sup>st</sup>, 2023 – 5:30PM

VII. Adjournment

- At 5:03PM

## Construction Trades Advisory Committee

### Meeting Minutes

Spring 2023

April 19, 2023

201 Welton Street, Wiley, CO 81092

- I. Call to order by Ms. Kendra King
  - a. Introduction of members and guests
  - b. Review/Approval of minutes (October 19, 2022)
    - i. No changes.
    - ii. Mr. Jake Specht moved to approve minutes. Larry McLemore seconded; Motion passed.
  
- II. President's Report/Update by Dr. Rosana Reyes
  - a. 9<sup>th</sup> week in new position, Dr. Reyes has been getting to know the people, programs, and lay of the land at LCC.
  - b. Enrollment is up 16% for summer.
  - c. \$895,000 BH Grant – would help fund skills advance opportunities.
  - d. Title 3 Grant is in the process of wrapping up, applying for a Title 5 Grant
    - i. Increase student support in retention, low income, and Hispanic populations.
  
- III. Program Updates and Changes by Mr. Jake Specht
  - e. COPERR extension/COPERR Grant
    - i. Colorado Attorney General's Office
    - ii. Two tool trailers for high school service sites in Springfield and Granada. This expands the program and allows more area students to take the Essentials Cert.

- iii. Interested students-22 total with 10 from Springfield, 12 Holly/ Granada location.
- IV. Enrollment Updates by Mr. Jake Specht and Mr. Rod Dunn
  - a. Spring 2023 15 students total.
  - b. Fall TBD
- V. COPERR House Project Progress by Mr. Jake Specht and Mr. Rod Dunn
  - a. Completion in Fall semester
    - i. Challenges
      - a. class schedules
      - b. traveling
      - c. limited on-site time.
      - d. athletes
    - b. Plans for next year.
      - a. New build and complete Wiley house
- VI. Other Comments
  - a. Advertisement sign in Wiley front yard
  - b. Clinical site person to assist in afternoon for courses added.
- VII. Next Meeting
  - a. Evening meeting in Fall of 2023
- VIII. Adjourn

**Annual Program Review:**

**Cosmetology Associate of Applied Science**

Evaluation Year	Perkins Data 5-yr average  Completion Rate & Employment Rate	Benchmark: 5-yr average  State-Wide Perkins Data	Above or Below Benchmark	Discussed at Advisory Board Meeting (yes/no)	Focus Area	Action Step	Perkins or Other Funding to Support Action Step

***Cosmetology/Barber Advisory Committee***  
*Fall 2022*  
*Monday, October 24, 2022, 12:00-1:00 PM*  
*Buchanan Events Room*

- I. Call to Order
  - a. 12:10PM - Kendra called meeting to order
- II. Introduction
- III. Approval of Minutes
  - a. Reygan moved to approve minutes and Shuamae seconded the motion
- IV. Update from LCC President, Dr. Linda Lujan
  - a. Dr. Luhan thanked everyone for being here and staying on top of things
  - b. Moving to a normalcy after COVID
  - c. Enrollment is down; however, Cosmo/Barber has remained steady
  - d. VP McLemore is currently doing outreach to increase interest in adult learners
  - e. It has been fun to welcome many new faces to LCC this Fall
  - f. CTE Cluster Chair – Congrats to Kendra for taking on new role; good professional and learning development
  - g. Future of the college is bright – new grants; goal is to continue to provide education and training to faculty, staff, and students
- V. Old Business
  - a. Lash Class- Milady
    - i. Last time we did the Lash Class – it was not positive – many did not get their certifications
    - ii. Milady has built a Lash Course – Implementation will be Fall of 2023 – would like to implement in Spring 2023; comes with lesson plans, support slides; not separate from our curriculum; would have to build a kit for the students; comes with brow and lash laminations and be making money in

a different way with clients (lamination is enhancing what you already have) -  
course in progress

VI. New Business

a. Program Updates & Changes

- i. Barber endorsement program through ARK – much of it overlaps – this year Kendra submitted – if you have your Barber cert, you may complete your Cosmo cert and have both licensures

b. Enrollment Update

- i. Have 5 concurrent -seems to fluctuate from year to year – likes these students because they are with Kendra for a long time and know how things are done
- ii. Has 1 independent study – has a hair stylist cert - wants to get Cosmo license – Shuamae has been helping with the nail portion

c. DG Cuts (Dana Gambo)

- i. Last year they brought out DG Cuts – she is a licensed Cosmetologist and Barber – Kendra met her in 2019 at a hair show in Dallas – planning to bring her back in Spring – last Spring DG was only here for 2 days but hopes she can stay longer this Spring – large presence on Instagram -works for Babylliss - does classes nationwide on cuts – very well-known stylist – great partnership

d. Barber Expo

- i. May 2023 - Connecticut - thanks to Perkins, Kendra and Shuamae are going – strictly for Barbering - meet some great contacts – to build more partnerships – will hopefully try to get more students while out there

VII. Comments, Suggestions, or Ideas

- a. Having a Zoom meeting option and inviting Cosmetology/Barbering contacts from Colorado Springs area will prove to be helpful

VIII. Next Meeting- Set date and time for Spring 2023 advisory meeting – April 17 (12PM)

IX. Adjourn – 12:50PM

**Meeting Minutes**  
***Cosmetology/Barber Advisory Committee***  
*Spring 2023*  
*Monday, April 17, 2023, 12:00-1:00 PM*  
*Betz Conference Room*

- I. Call to Order
  - a. 12:10PM - Kendra called meeting to order.
- II. Introduction
- III. Approval of Minutes
  - a. Reygan moved to approve minutes and Shuamae seconded the motion, motion carried.
- IV. Update from LCC VP of Academic and Student Services, Larry McLemore
  - a. Lots of new and transitional things happening at LCC with new administration.
  - b. New faculty, staff, academics, technology, and construction.
  - c. Grant money available and college is looking into applying for specific grants that align with institutional outcomes.
  - d. The college is in a position of growth.
  - e. Work Based Learning – engagement and partnerships with the service area, communities, and region helping fuel industry work in the service area.
  - f. RCC and Colorado Online- Rural Consortium for service sites fueling enrollment form area locations.
- V. Old Business
- VI. New Business
  - a. Program Updates & Changes
    - i. Cosmo endorsement program through ARK. Kendra submitted this as an additional option for licensed barbers to complete a cosmetology certificate in one semester and could be dual licensed.
  - b. Enrollment Update
    - i. Nail tech is expanding to twenty students and accommodations have been made to seat this many in the program.

c. DG Cuts (Dana Gambo)

i. DG Is returning April 25-27, 2023, to educate students.

d. Barber Expo- Kendra and Shuamae will travel to Connecticut for a Barber Expo May 19-23, 2023. There are opportunities for exposure to assist our programs and school with industry across the world.

VII. Comments, Suggestions, or Ideas

a. Talked about students creating portfolios for a grade. This will help them market their work. Part of this having them produce mission, vision, and values for their market and how that is applicable to building clientele and soft skills.

b. Hi Lighting student of the week on social media to get exposure for salon business.

VIII. Next Meeting for Fall 2023 advisory meeting – tentatively October 16 (12PM)

IX. Adjourn – 12:58PM

Meeting minutes recorded by Kendra King

**Annual Program Review:**

**Equine Business Management AAS**

Evaluation Year	Perkins Data 5-yr average Completion Rate & Employment Rate	Benchmark: 5-yr average State-Wide Perkins Data	Above or Below Benchmark
22-23	Completion Rate 58% Employment Rate 97%	Completion Rate 45% Employment Rate 98%	Completion Rate above Employment Rate below

2023-2024 Perkins Funded Project Requests			
DEPARTMENT NAME:	Horse Training and Management and Equine Business Management		
	PRIORITY ITEM 1	Priority Item 2	
ITEM - WHAT, EXACTLY, WILL BE ON THE INVOICE? Provide a list of item(s), link, and the specific cost of each item.	WW Manufacturing Panels, Gates, and Siding Retail is \$110,000 and our cost is <b>\$80,000</b>	Part time student tutor (a current HTM sophomore) <b>\$3,000</b>	
What Perkins V strategic plan goal(s) will this purchase address: 1. Career Advisement & Development; 2. Instructor Recruitment & Retention; 3. Partnerships; 4. Quality Programs; 5. Work-based learning	4. Quality Programs 5. Work-based Learning	4. Quality Programs	
WHAT PERKINS PERFORMANCE METRIC IS THE FUNDED PROJECT OBJECTIVE? Select one of the following: 1. Technical Skill Attainment; 2. Certificate/Degree Completion; 3. Student Retention; 4. Placement; 5. Non-traditional Participation; 6. Non-traditional Completion.	1. Technical Skill Attainment 3. Student Retention	3. Student Retention	

<p>DO X - WHAT IS AN ACTION RELATED TO THE ITEM YOU WISH TO PURCHASE (think action verbs)? What will this purchase accomplish for your program/students that is not already in place. Or, what expansion/modernization will happen and how will it benefit the program/students?</p>	<p>The horse industry is growing rapidly and now is the time to improve the experience for our Horse Training and Management students. The HTM program at LCC has a long standing history of being one of the best in the nation. With this purchase, our program would become modernized to the current industry standard. Students would have a smoother colt starting experience and have the ability properly perform the needed training techniques in cutting and cowhorse. Students could use critical thinking skills to assess their horse and then adapt the panel set up to what is best for their horse. Additionally, students would be able to evaluate and criticize our set up and then design the layout that is best for their business in the Equine Management and Equine Business Planning courses and determine how this could create value for their training businesses.</p>	<p>Students will be able to better understand the colt starting process and have more individualized instruction.</p>	
<p>ACCOMPLISH Y - WHAT OUTCOMES DO YOU EXPECT FROM THIS PURCHASE? Program outcomes (from strategic plan), or student outcomes (from syllabi and industry standards). List AT LEAST 3 outcomes - something that you currently cannot accomplish, accomplish well, or cannot meet competencies/standards without this purchase.</p>	<p><b>HTM 1052:</b> Saddle horse, Teach horse to accept rider, open and shut gates while on the horse. <b>HTM 2053:</b> Start horse in special area of student's choice such as cutting and cowhorse. <b>EQM 2051:</b> Demonstrate stable management <b>EQM 2060:</b> Understand the concept of value creation in a business</p>	<p>HTM 1052: I. Catch and halter horse  II. Hobble horse  III. Saddle horse  IV. Bridle horse  V. Teach horse accept rider  VI. Teach horse to trot circles  VII. Teach horse to lope circles  VIII. Teach a horse to stop and back</p>	
<p>HOW DO THESE EXPECTED OUTCOMES SUPPORT THE PROJECT OBJECTIVE? Tell me specifically how this purchase is going to support the performance metric that you chose.</p>	<p>For the first metric: Currently, the HTM program does not offer students the industry standard area for colt starting or training cutting and cowhorses. With this purchase, we would modernize our program to the standard that is currently expected. Our instruction is top of the line, and with this equipment, our programs would become top of the line in every area. This moveable panels could also be rearranged as students determine what is best for their horse. For the second metric: student retention is directly correlated to the student experience. With this equipment, students would have the highest quality experience which would increase our retention rate.</p>	<p>Since the colt starting program is so hands-on, the more instructors/tutors that are available, the better experience the students will have. It will also help ensure a safe environment.</p>	

SPENDING CATEGORY (Determined by Perkins Administrator)			
APPROVED YES/NO (Determined by Perkins Administrator)			

**Additional Evaluation Criteria:**

**Course Completion Rates (LCC has utilized the Colorado Community College System (CCCS) State-Wide Course Completion Rates as the benchmark for the program).**

	2018-2019	2019-2020	2020-2021	2021-2022
<b>Equine Programs</b>	<b>86%</b>	<b>97%</b>	<b>99%</b>	<b>93%</b>
<b>LCC Total</b>	<b>84%</b>	<b>85%</b>	<b>85%</b>	<b>86%</b>
<b>CCCS Total</b>	<b>81%</b>	<b>81%</b>	<b>80%</b>	<b>81%</b>

**Program Learning Outcomes Assessment:**

**Equine business Management AAS**

**Associate of Applied Science in Equine Business Management Outcomes**

1. Students will be able to describe and apply horse anatomy and physiology in various disciplines of the horse industry.
2. Students will understand equine business practices such as creating a business plan as well as be able to communicate fluently with financial advisors.
3. Students will be able to describe and recognize equine reproduction anatomy, techniques, practices and technologies.
4. Students will demonstrate advancing horsemanship skills including groundwork, controlling body parts, and completing various types of maneuvers and patterns with various types of horses.
5. Students will understand and be able to apply sales techniques to equine content.
6. Students will exemplify employable skills such as proper communication, timeliness, a positive attitude, initiative, and cooperation.

**Certificate in Equine Business Management Outcomes- Added in 2020 Embedded/Stackable into EBM AAS degree**

1. Effectively demonstrate proficiency in chores and tasks required for working safely in a barn environment.
2. Illustrate and apply professional employability skills, such as the importance of being timely and providing quality care of animals.
3. Demonstrate an applicable knowledge in general industry horsemanship by discovering, analyzing and putting to use various forms of riding equipment and current trends in horse care.
4. Examine, coordinate, and operate suppling exercises with horses.
5. Produce, perform and evaluate a showmanship pattern with their horse, demonstrating groundwork, progression, and the knowledge to assess horse progression.
6. Define and apply the knowledge required to address individual care needs and prepare their horse for competition.

*Program learning outcomes and assessment plan set to be reviewed in the Fall of 2023*

## Meeting Minutes

### *HTM/EBM Advisory Committee*

Fall 2022

Friday, November 18<sup>th</sup>, 2022 from 12:00 PM-1:00 PM

*Equine Complex*

- I. Call to Order
  - a. Ryan Bray welcomed everyone – Savanna made a motion to begin 11:50AM
- II. Welcome and Introduction of Member and Guests
- III. Approval of Minutes
  - a. Lyn Ray approved minutes
- IV. Old Business
  - a. Professional Development Clinic
    - i. Paid for by Perkins once a semester – paid a trainer to come in to help students
  - b. HorseProTV and RCHTO
  - c. MagnaWave Partnership with EBM
    - i. Students 2<sup>nd</sup> semester is trained; maintain that partnership if photos are posted on social media; students get a discount on the machine
  - d. Ranch Horse Team
    - i. Began this Fall – 3 students – 1<sup>st</sup> show today, and Savanna said they performed well
  - e. Spring Sale
    - i. Working Ranch magazine reached out to Ryan to interview and will be featured in Jan issue of magazine
    - ii. Sold \$120, 000 of horses in the last sale – investigate online bidding as an option to get more folks involved
- V. New Business
  - a. Program Status
    - i. HTM: 10 sophomores, 10 freshmen
      1. Interviewed 20 for prospective students
      2. Next Fall looks like number of students will increase significantly
      3. Stayed in contact with students has really helped
      4. Many are double majors – 2 freshmen are strictly HTM
    - ii. EBM: 12 sophomores, 15 freshmen
    - iii. Ranch Horse Team: 3 freshmen
    - iv. Rodeo Team: 18 horse students, 4 additional students

1. Mitch said the Rodeo team is going well; kids are showing improvements; making 20 – 30 calls a week to prospective students

b. Program Update

i. Clinic with Matt Koch

1. Through Perkins grants; effective training; realistic for students

ii. Partnerships

1. Wants to develop more partnerships; Savanna said there is so many options out there to provide to students; working with other folks on campus for sponsorships
2. For a program like HTM the grant writing is paramount for a program like LCC's; take a real skill to get accepted; Kelli Gaines has been instrumental in helping with grants; Ann-Marie puts on the Boots, Bling, and Blessings - \$6,200 – funds are used for making more room for the horses

iii. Perkins

1. Trying to utilize as much as possible; been helpful to provide to students who don't have equipment

iv. Website and Marketing Focus

1. Revamped website: structured to be more eye-catching for students and entered information pertinent to the program
2. Savanna invited members to review the website for suggestions or edits
3. A good thing to add would be the tuition since the cost is affordable – savings of approximately \$10,000

v. 4H Clinic and Rodeo Bible Camp

1. Will help with recruiting – ages 12 – 16; stayed in the dorms with meal; sessions all day; positive feedback and good for them to experience college campus; partnered with FCA; has \$2,000 in account after 1<sup>st</sup> year to use for supplies for camp next year; \$150 cost for 3 days – scholarships were available for students who couldn't afford

vi. EBM program learning outcomes and degree plan

1. Trying to change for what it actually offers

c. Recruiting

d. Any Questions

- i. Going back to the sale....last year ran the show Friday, then started previews that afternoon – do we start the sale sooner, later? Do we have 2 previews? Previews should be the same day of the sale instead of the 2 day – especially for folks coming from out of town
- ii. What are the qualifications to be in the sale? - Vet an application, had to provide a horse previously – don't want to have too many – no more than 50
- iii. Had 3 yearlings from Jim Basher last sale
- iv. Let consigners know in advance – in January is there a way to let them know? If you wanted to get a fitting class for the younger horses
- v. Depending on what they choose, they transfer to EBM degree – can take higher level English class and transfer to a university
- vi. Savanna asked the members what is your vision for our program – so many rural kids in Colorado that we need to tap into
- vii. A challenge for the students is to get them to use the computer versus using their phones; they don't know how to use Microsoft products
- e. Dr. Luhan said this is one of the strongest advisory councils and appreciate everyone's involvement, among many new faces, spaces; officially announced her retirement and introduced the new President of LCC – Dr. Reyes
- f. EBM side – needs are to recruit with HS advisors more – and through FFA programs
  - i. Had about 40% employee turnover

VI. Adjourn

- a. Adjourned at 12:43PM

## Meeting Minutes

### *HTM/EBM Advisory Committee*

Spring 2023

Friday April 28<sup>th</sup>, 2023 from 12:00 PM-1:00 PM

*Equine Complex*

- I. Call to Order
  - a. Ryan Bray welcomed everyone – Savanna made a motion to begin 12:15 PM
- II. Welcome and Introduction of Member and Guests
- III. Approval of Minutes
  - a. Mark Freeman approved minutes
- IV. Old Business
  - a. Fall professional development with Matt Koch
    - i. Nice to have an alum come back and work with students.
  - b. Website changes
    - i. Hoping this will help explain the programs better and attract more students.
  - c. EBM changes approved through ARC
    - i. Program is now more current and better preparing students for internships.
- V. New Business
  - a. Program Status
    - i. HTM: 5 sophomores on internship, 12 freshmen
      1. They've interview 50+ students since last August
      2. Asked if numbers will be up next year, it looks like they should be.
    - ii. EBM: 10 sophomores on internship, 8 freshmen
  - b. Program Update
    - i. Professional development clinic with Jay and Gena Hensen
      1. Judges today
    - ii. Program assistant next year
      1. Sounds like this will go through. This should help in the programs overall.
    - iii. Ranch horse team at NIRSHA competition
      1. Went great. Aubrie Brown was a finalist for the outstanding freshmen award. Board members are in support of this team.
    - iv. Ranch horse team stallion auction: \$8,500
    - v. Applied for colt starting equipment with Perkins grant

1. Advisory board is in support of this. Would help make the programs safer and more current. Matt Koch helped Ryan with the idea.
    - vi. Vitafloor and solarium for EBM
      1. Finishing the installation. Vitafloor helped heal a horse wound really well this semester.
    - vii. Sponsorship program launched: \$8,500
      1. Need to come up with a better way to stay in touch with alumni since they are likely to want to support.
    - viii. Lamar Legacy Sale
      1. Students make videos, promotional items, catalog, etc. Great experience for students.
      2. Potentially adding an open show next year to draw in more of a crowd.
  - c. Rodeo
    - i. Team is doing well.
  - d. Rodeo Bible Camp: June 28-30<sup>th</sup>, \$125
    - i. Lyn asked if Savanna could email the flyer to the board members to share. Will send after this weekend.
  - e. Recruiting: 39 have interviewed since August
    - i. Is at 50+ now. The most Savanna and Ryan have interviewed in a school year.
  - f. Any Questions
    - i. Board members thanked instructors and said the programs are doing great. They are excited about the new equipment for the HTM classes.
- VI. Adjourn- 12:58 PM

Lamar Community College

Systematic Plan of Evaluation

**End-of-program Student Learning Outcomes and Program Outcomes**

**6.1 Change to 5.1** The program demonstrates evidence of student’s achievement of end-of-program outcomes. (the program student learning outcomes organize the course student learning outcomes and competencies)

There is ongoing assessment of the extent to which students attain each end-of-program student-learning outcome.

There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students’ attainment of each end-of-program student-learning outcome.

PLAN			IMPLEMENTATION		
Component	Assessment Method(s)	Expected Level(s) of Achievement (ELA)	Data Collection and Assessment Frequency	Results of Data Collection Including actual level(s) of achievement	Analysis and Actions for Program Development, Maintenance, or Revision
<p><b>6.1 SLO #1</b> Provide safe, quality, evidence-based, patient-centered nursing care in a variety of healthcare settings to diverse patient populations across the lifespan.</p> <p>EPSLOS 1 &amp; 2 are highly important and linked to many activities. Data will be collected</p>	Final clinical course evaluation (NUR 2030).	80% of students will receive a ‘pass’ score.	Accreditation Coordinator, faculty and Director.	<p>2023</p> <p>Clinical Evaluation- <b>MET</b> 100% met ELA On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. Kaplan Predictor Exam- <b>NOT MET</b> only 5/15 met benchmark- ELA not met NUR 2030 Reflective Journal Assignment- <b>MET</b> 100% met ELA NUR 2030 Clinical Leadership Assignment - <b>MET</b> 100% met ELA</p>	Class of 2023 Kaplan Predictor B NGN did not have a normed benchmark. Faculty set the benchmark at 72 which reflected a 95 % chance of passing the NCLEX. We noted this was a 33%. We are expecting normed bench marks in the future.
	NUR 2030 Simulation on campus evaluation (initiated for Class of 2019)	80% of students will score a minimum of 77%. (For 2018 evaluation of students was pass/fail performance.)	Evaluation done end of NUR 2030 course.	<p>2022</p> <p>Clinical Evaluation- <b>MET</b> 100% met ELA On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. Kaplan Predictor Exam- <b>NOT MET</b> only 11/16 met benchmark- ELA not met NUR 2030 Reflective Journal Assignment- <b>MET</b> 100% met ELA NUR 2030 Clinical Leadership Assignment - <b>MET</b> 100% met ELA</p>	Change the ELA of the High fidelity Simulation to 80 % will meet desired outcomes for the scenario within set time limits based upon the simulation scenario for 2023-2024
	High-fidelity on-campus simulation	80 % of students will meet desired outcomes for the simulation scenario within set time limits based upon the simulation scenario	Simulation faculty	<p>2021</p> <p>Clinical Evaluation- <b>MET</b> 100% met ELA</p>	Class of 2022- our NCLEX-RN pass rate was 82%. We had 14/17 that tested in that pass rate; One student from the cohort before tested in this group and one student did not test for that data. test plan change. Admission, re-entry.
	NUR 2030 Virtual simulation (piloted product with Class of 2018 and initiated with Class of 2019)	80% of students will score a minimum of 77%	Data will be collected with each cohort enrolled in the course.	Data will be reviewed annually at the	Class of 2021- our NCLEX-RN pass rate was 71%. We had 10/14 that

## End-of-program Student Learning Outcomes and Program Outcomes

**6.1 Change to 5.1** The program demonstrates evidence of student’s achievement of end-of-program outcomes. (the program student learning outcomes organize the course student learning outcomes and competencies)

There is ongoing assessment of the extent to which students attain each end-of-program student-learning outcome.

There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students’ attainment of each end-of-program student-learning outcome.

PLAN			IMPLEMENTATION		
<p><b>annually and a deep dive every</b></p>	<p>NUR 2030 Reflection Journal for documents self-assessment of critical thinking and clinical reasoning.</p>	<p>80% of students meet the national benchmark predicting NCLEX success.</p>	<p>end of year faculty meeting</p>	<p>On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. Kaplan Predictor Exam- <b>NOT MET</b> only 7/15 met benchmark- ELA not met</p>	<p>tested in that pass rate; one student did not test for that data. Hired two consultants, created a testing policy and blueprint to track for consistency. Accountability. We also tagged all questions. Reduced resources for students. Release time that is focused on assessment practices. Workload release to mentor new faculty members. Increasing contract time for full time faculty for the purpose of course analysis.</p>
	<p>NUR 2030 Clinical Leadership Assignment related to critical thinking and clinical reasoning (initiated spring 2021).</p>	<p>80% of students will score a minimum of 77%</p>	<p>Evaluation done end of NUR 2030 course.</p>	<p>NUR 2030 Reflective Journal Assignment-100% met ELA NUR 2030 Clinical Leadership Assignment-100% met ELA</p>	<p>Class of 2020 - NCLEX-RN pass rate of 100%. Strategies are working. Will continue to monitor annually in May. Initiated full use of Kaplan products with Class of 2020. Phased out HESI products. See “Evaluation of Strategies document.”</p> <p>Class of 2019 – Continue implementation of strategies to increase NCLEX-RN pass rates. See “Evaluation Strategies” document. NCLEX- pass rate at a 58%. Identified that numerous graduates tested late from the class of 2018 therefore decreasing the pass rate for class of 2019. See “Evaluation of Strategies” document.</p>

**End-of-program Student Learning Outcomes and Program Outcomes**

**6.1 Change to 5.1** The program demonstrates evidence of student’s achievement of end-of-program outcomes. (the program student learning outcomes organize the course student learning outcomes and competencies)

There is ongoing assessment of the extent to which students attain each end-of-program student-learning outcome.

There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students’ attainment of each end-of-program student-learning outcome.

PLAN			IMPLEMENTATION		
					<p>Class of 2018 – Initiate Strategies to Increase NCLEX-RN pass rates. See associated document. NCLEX-pass rate is 75%.</p> <p>May 2020 Clinical Leadership Assignment – Spring 2021 changed student assignment to better reflect attainment of SLO #1.</p> <p>Document titled “Lamar Community College Nursing Program Evaluation of Strategies to Improve NCLEX RN Pass Rates”</p> <p>Evaluation of New Strategies” describes strategies implemented and evaluation for Classes of 2018, 2019 and 2020. Will continue to implement.</p> <p>Action Item: Nursing faculty to participate in the Nurse Educator Institute Conference in April 2021. Focus of this conference is “Faculty and Student Success in Developing Clinical Judgement” and “Next Generation NCLEX”.</p> <p>Action Item: At the May 2021 nursing faculty meeting –will explore separating out the individual predictors from the Kaplan Predictor exam related to Provide safe, quality, evidence-based, patient-centered</p>

## End-of-program Student Learning Outcomes and Program Outcomes

**6.1 Change to 5.1** The program demonstrates evidence of student’s achievement of end-of-program outcomes. (the program student learning outcomes organize the course student learning outcomes and competencies)

There is ongoing assessment of the extent to which students attain each end-of-program student-learning outcome.

There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students’ attainment of each end-of-program student-learning outcome.

PLAN			IMPLEMENTATION		
					nursing care in a variety of healthcare settings to diverse patient populations across the lifespan.
<p><b>SLO#2</b> <b>Engage in critical thinking and clinical reasoning to make patient-centered care decisions.</b></p>	<p>Daily clinical critical thinking paper work evaluation (NUR 2016).</p> <p>NUR 2030 Simulation on campus evaluation (initiated for Class of 2019)</p> <p>NUR 2030 Virtual simulation (piloted product with Class of 2018 and initiated with Class of 2019)</p> <p>Kaplan Predictor Exam</p> <p>Reflection Journal for NUR 2030 documents self-</p>	<p>Determine ELA later</p> <p>80% of students will score a minimum of 77%. (For 2018 evaluation of students was pass/fail performance.)</p> <p>80% of students will score a minimum of 77%</p> <p>80% of students meet the national benchmark predicting NCLEX success.</p> <p>80% of students will score a minimum of 77%</p>	<p>Accreditation Coordinator, faculty and Director.</p> <p>Evaluation done end of NUR 2030 course.</p> <p>Data will be collected with each cohort enrolled in the course.</p> <p>Data will be reviewed annually at the end of year faculty meeting</p> <p>Evaluation done end of NUR 2030 course.</p>	<p>2023</p> <p>Clinical Evaluation- <b>MET</b> 100% met ELA On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. Kaplan Predictor Exam- <b>NOT MET</b> only 5/15 met benchmark- ELA not met NUR 2030 Reflective Journal Assignment- <b>MET</b> 100% met ELA NUR 2030 Clinical Leadership Assignment - <b>MET</b> 100% met ELA Kaplan Critical Thinking Exam- 3 /15 met the Kaplan benchmark,</p> <p>2022</p> <p>Clinical Evaluation- <b>MET</b> 100% met ELA On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. Kaplan Predictor Exam- <b>NOT MET</b> only 11/16 met benchmark- ELA not met NUR 2030 Reflective Journal Assignment- <b>MET</b> 100% met ELA NUR 2030 Clinical Leadership Assignment - <b>MET</b> 100% met ELA</p>	<p>2023- Action item is to change the assessment from final clinical course evaluation to assessment of daily critical thinking paperwork.</p> <p>See Kaplan Predictor note above. Remove</p> <p>Remove the Leadership hours and journal Critical Thinking Exam- Faculty feel the students do not take this exam seriously. 8/12 critical thinking scores improved. 2/12 stayed the same and 2/12 went down and 3 students did not take the initial exam upon entrance into the program.</p> <p>2022</p> <p>At the May 2021 faculty meeting will explore opportunities for a written critical thinking assignment such as a research paper in a didactic course.</p> <p>Fall 2020</p>

## End-of-program Student Learning Outcomes and Program Outcomes

**6.1 Change to 5.1** The program demonstrates evidence of student’s achievement of end-of-program outcomes. (the program student learning outcomes organize the course student learning outcomes and competencies)

There is ongoing assessment of the extent to which students attain each end-of-program student-learning outcome.

There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students’ attainment of each end-of-program student-learning outcome.

PLAN			IMPLEMENTATION		
	assessment of critical thinking and clinical reasoning.  Kaplan Critical Thinking Exam.	80% of students will score a minimum of 77%  80% of students will score at the Kaplan benchmark at 4 <sup>th</sup> semester.	Evaluation done end of NUR 2030 course.  Evaluation is completed 1 <sup>st</sup> semester and then 4 <sup>th</sup> semester.	2021 Clinical Evaluation- <b>MET</b> 100% met ELA On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. Kaplan Predictor Exam- <b>NOT MET</b> only 7/15 met benchmark- ELA not met NUR 2030 Reflective Journal Assignment-100% met ELA NUR 2030 Clinical Leadership Assignment-100% met ELA	Added the Critical Thinking Kaplan exam for the cohort that will graduate in 2022. Give Kaplan Critical Thinking Exam during 1 <sup>st</sup> and 4 <sup>th</sup> semesters for each student to assess improvement of critical thinking. This strategy implemented as advised by our Kaplan Nurse Consultant as a program measure of the students’ progression of critical thinking skill.  May 2020 Clinical Leadership Assignment – Spring 2021 changed student assignment for a more accurate evaluation of students’ ability to obtain Student Learning Outcome #2. Rubric created for instructor to objectively evaluate students’ attainment of SLO #2.  December 2018 based upon our research we felt Kaplan Nursing was the best fit for LCC. Faculty changed admission vendors from HESI to Kaplan, continued our NCLEX-prep with Kaplan and adopted Kaplan’s full-service curriculum. This was implemented in fall 2019 with admissions testing beginning February 2019 for fall 2019 admissions. This information documented in the “Strategies document” sent to CSBON and ACNE as well as nursing faculty meeting minutes for December 2018.

## End-of-program Student Learning Outcomes and Program Outcomes

**6.1 Change to 5.1** The program demonstrates evidence of student’s achievement of end-of-program outcomes. (the program student learning outcomes organize the course student learning outcomes and competencies)

There is ongoing assessment of the extent to which students attain each end-of-program student-learning outcome.

There is analysis of assessment data and documentation that the analysis of assessment data is used in program decision-making for the maintenance and improvement of students’ attainment of each end-of-program student-learning outcome.

PLAN			IMPLEMENTATION		
					Action Item: At the May 2021 nursing faculty meeting –will explore separating out the individual predictors from the Kaplan Predictor exam related to engage in critical thinking and clinical reasoning to make patient-centered care decisions.
<b>SLO #3 Implement quality measures to improve patient care.</b>	Final clinical course evaluation for NUR 2030.	80% of students will receive a ‘pass’ score.	Accreditation Coordinator, faculty and Director.	<b>2023</b> Clinical Evaluation- <b>MET</b> 100% met ELA On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. Kaplan Predictor Exam- <b>NOT MET</b> only 5/15 met benchmark- ELA not met NUR 2030 Reflective Journal Assignment- <b>MET</b> 100% met ELA NUR 2030 Clinical Leadership Assignment - <b>MET</b> 100% met ELA	<b>2023</b> Faculty want to check on the ability to collect scan rates form the clinical sites Develop a Simulation evaluation tool to address quality measures, such as @ Pt ids, scan rates in sim and evluatin quality meass in the virtual sims. ( doc pain, sepsis, cardiac codes, surgical safety, SBAR, critical lab reports)
	NUR 2030 Simulation on campus evaluation	80% of students will score a minimum of 77%. (For 2018 evaluation of students was pass/fail performance.)	Evaluation done end of NUR 2030 course.	<b>2022</b> Clinical Evaluation- <b>MET</b> 100% met ELA On Campus Simulation- <b>MET</b> 100% met ELA Virtual Simulation- <b>MET</b> 100% met ELA of minimum of 80% average. 	setting. (initiated spring 2021)				

## ***Nursing and Allied Health Programs Advisory Committee***

Fall 2022- October 10, 2022

1. Welcome – Morgan Clark
  - a. Morgan welcomed everyone to the meeting; lunch served
2. Introductions (name, facility, role)
  - a. Morgan introduced new faces/members and then advisory committee member went around the room to introduce themselves
3. Review of Meeting Minutes from April 4, 2022
  - a. One correction: under 15c....it should say inpatient and ER not long term
  - b. Meeting Minutes were approved
4. Update from LCC – Dr. Linda Lujan (Representing was VP McLemore)
  - a. Student services team – new team members for student support and recruitment
  - b. Search for LCC President (Oct 13 and 14<sup>th</sup>)
    - i. Finalists will be in November; Open to community input
    - ii. Dr. Lujan will be retiring in December
  - c. Residence Hall and Motel
    - i. All back part of motel is dorms
  - d. Advisory committee is vital to what we do
  - e. Enrollment growth is flat
    - i. Projection is to grow, grow, grow
  - f. Anne-Marie Crampton

- i. Apply for scholarships – Colorado residents
    - 1. Money may be used for travel accommodations for clinicals
    - 2. Getting \$100,000 grant for EMT students
- 5. EMS Update – Heather Burkhart (representing was Morgan Clark)
  - a. Running a 5-student course group currently
  - b. Working on interest and logistics to gain more numbers
    - i. Will launch an advanced and basic course in Spring
  - c. Prowers County dollars are typically for Prowers County students
- 6. NUA Update – Tammie Clark
  - a. Completed Spring group in the summer
  - b. Ran a full 10 students
  - c. Getting them to test has been a challenge; scheduling options are very narrow
  - d. Fall group with 4 students
- 7. 2<sup>nd</sup>-level class – Mary Ann Turner and Class Officers
  - a. 13 enrolled
  - b. Smaller groups get to focus more on skills and hands on experience
  - c. One group going to Garden City
  - d. Getting great experiences on clinicals
  - e. Introduced Gigi – class president
    - i. Entering Exam 3
    - ii. Started clinicals
    - iii. Adjusting to changes (hands on training, preparing for pinning, all classes are on Monday – very beneficial)

8. 1<sup>st</sup> level Class-Jordan Mallard and Class Officers

- a. Half-way through semester
- b. Beginning clinicals – long-term care facilities
- c. Pharmacology is going well
- d. Emily (president)
  - i. Overall things are going well
  - ii. Helpful we have instructors who offer open door policy

9. Simulation/Classroom updates- Jordan Mallard

- a. Grant received \$ ¼ million in simulation program – 3 high fidelity mannequins (goal to have everyone trained on them by Spring semester)
  - i. Go through process of putting mannequins out for bid
  - ii. We have 7 years to spend the amount
- b. 2 rooms to run sims on

10. NUR 1089-Jordan Mallard

- a. Started to offer this course
- b. LPNs who have had an OB and Peds background who would like to be an RN
- c. 6 students enrolled
- d. Ended up with 3 that passed – clinicals at Parkview
- e. Looking at starting this class later instead of in May

11. NCLEX Pass Rates- Morgan Clark

- a. Graduated 15 last year; only have one left to test
- b. 86% pass rate; can report 100% second time pass rate

12. ACEN Standards and Advisory Council Contributions – Morgan Clark

- a. Advisory Council is incredibly important to us
  - b. Up for reaccreditation in Fall 2024
    - i. When they visit, they will speak to advisory council, students, leadership
  - c. The standards 2023, that is everyone's standards, not a significant amount of standards changes; however, we now have 5 standards instead of 6
13. Updates from facilities
- a. Needing for night shift nurses
  - b. Hiring CNA's from EMT courses
    - i. Reducing it to 3 weeks
    - ii. Is there a remote option?
      - 1. Hybrid option – possibility is there and has worked well (lab hours – few hours a week)
      - 2. Our program says 60 clinical hours
  - c. Reports of facilities closing on Kansas side
    - i. Nursing homes in Colby in risk of closing
  - d. Emergent delivery drills – sim mannequins on site
  - e. FEMA is doing a disaster preparedness
  - f. Covid is still around as is monkey pox
  - g. Doing some briefings on Ebola; being prepped
  - h. Eads is still looking for a CEO
    - i. They need CNAs
    - ii. Been doing mock code trainings
    - iii. Have a new training center – works well for education

- i. From Southeast Colorado
  - i. Needing 2 night nurses – much be RN's, looking for a baby warmer
  - ii. Nursing home side – 2 night for nurse and 1 day positions open
  - iii. Desperately needing CNAs
  - iv. Just completed one of the biggest NA classes but having a challenge with scheduling skills testing due to location/distance challenges
- j. Kara Reeder
  - i. Onsite liaison with Morgan College - great program for those who need a bachelor's degree
  - ii. Total BSN cost is \$6000 – classes are 8 weeks long – 2 courses that require clinical hours (6 days total clinical)
    - 1. Asynchronous classes
- k. AVRMC
  - i. CEO retired and new CEO hired
  - ii. Seeing an increase in OB dept and surgical dept, some PRN positions
- l. Joe Franta from CSU Pueblo
  - i. 48 credit – nurse educator program
  - ii. NPATCH - first Friday of December – taking about staffing numbers
- 14. Other Comments
- 15. Next Meeting – April 2023
  - a. Next meeting is 3 April 2023 12PM – 1PM
  - b. All in agreement
- 16. Adjourn

## Meeting Minutes

### Nursing and Allied Health Programs Advisory Board Committee

Buchanan Events Center

Spring 2023

March 27, 2023

1. Welcome by Ms. Morgan Clark
  - a. Meal provided
2. Introduction of members and guests
3. Review/Approval of minutes (Fall 2022, October 10, 2022)
  - a. Ms. Mary Ann Turner moved to approve minutes; Ms. Kara Reeder seconded. Motion passed.
  - b. No changes.
4. Update from LCC by Mr. Larry McLemore
  - a. Successful transition of new president Dr. Rosana Reyes
  - b. Fall funding available for students
  - c. Cares Forward Colorado grants for LCC for 2023-24
  - d. New staff members including Courtney Morris as Workbased Learning Program Coordinator
  - e. Enrollment is flat
  - f. MAP Center is an intrusive advising model to keep students engaged
  - g. Finalizing budgets
    - i. Cost of Living
    - ii. Grant Funding
    - iii. State and system support for nursing
5. EMS Update by Ms. Heather Burkhart
  - a. Spring- 10 students enrolled, 9 took NREMT, 8 passed
  - b. Completers done in May
  - c. \$100,000 grant by Prowers County Commissioners
    - i. EMT costs
    - ii. Updating EMT
    - iii. Offer advanced class in Spring
    - iiii. EMT refresher course
6. NUA Update by Ms. Tammie Clark
  - a. 4 students enrolled in health courses, 3 passed for Fall 2022  
2 CNA are currently working
  - c. Spring- 3 students enrolled, 3 passed, 1 working
  - d. Clinical experience in Baca County and PMC

7. 2<sup>nd</sup> Level Class by Ms. Mary Ann Turner and Class Officers
  - a. 15 students enrolled
  - b. Preparing for finals
  - c. KAPLAN attending in April
  - d. 1069 course- 8 students
  - e. Ms. Guliana Tucker
    - i. “Light at the end of the tunnel”
    - ii. Classes on Mondays
    - iii. Kaplan prep work
    - iiii. Finishing exam 4, preparing for finals
  - f. Ms. Kirsten Summers
    - i. Pinning is May 4 @ 5 @ Lamar High School
    - ii. Graduation is May 6
8. 1<sup>st</sup> Level Class by Ms. Kara Reeder and Class Officers
  - a. 10 students enrolled
  - b. Busy with clinicals
  - c. Children’s Hospital next weekend
  - d. Ms. Emily Jones
    - i. Intense schedule
    - ii. Fear to confidence
    - iii. Good experience
9. NCLEX Pass Rates by Ms. Morgan Clark
  - a. No 2020 data
  - b. Other data
    - i. 83% job placement
    - ii. Attrition rates and proposed interventions in budget for FY 23-24
    - iii. Perkins Requests to support retention, faculty development
10. Pinning Ceremony
  - a. May 4 @ 5 @ High School
  - b. May 5 is Antelope Night
11. ACEN Standards and Advisory Council Contributions by Ms. Morgan Clark
  - a. 5 Standards
  - b. 8 Outcomes for program
  - c. Prep Handout for committee participation in fall 2024 site visit **\*will be attached to minutes**
12. Election of 2023-24 Advisory Council Officers
  - a. President - Ms. Jasmine Shea, Keefe Memorial Hospital District
  - b. Vice President - Ms. Taran Muehlbauer, Kiowa County Hospital District
  - c. Secretary – Ms. Tamie Clark, Lamar School District

13. Updates from facilities

- a. Kiowa County Hospital District
  - i. CNA doing well
  - ii. Ms. Beth Bell – CEO in October
  - iii. recruiting for CNO as CNO is moving to FNP role
  - iv. Mr. Russ Watson – EMS Director
  - v. 4 out of 5 EMT passed from their recent class
- b. Southeast Colorado Hospital
  - i. Remodeling nursing department– April deadline
  - ii. CNA Classes – 9 students enrolled
  - iii. 2 EMT passed in recent cohort to become paramedics
  - iv. 3 Full-time EMTs in ER
- c. Bent County Healthcare
  - i. 50 residents
  - ii. Employed 2 CAN and 1 RN from LCC recent graduates
  - iii. Employment Opportunities – nursing evening positions 2-10 pm
- d. Prowers Medical Center
  - i. Scholarships available for 2<sup>nd</sup> level nursing students
  - ii. Employment Opportunities - LPNs
- e. Cheyenne Manor
  - i. 13 residents
  - ii. Employment Opportunities – staff positions
- f. Keefe Memorial Hospital
  - i. Under construction
  - ii. Transitioning from portable to permanent oxygen
  - iii. Permanent CEO now, was interim
  - iv. Employment Opportunities – nursing openings

14. Other comments

- a. KCHD voiced interest in other allied health programs, especially MLT as all critical access facilities with ERs must have MLT on call 24/7
- b. Director Clark noted other facilities have requested additional allied health programs such as MA, QMAP, respiratory therapy, occupation/physical therapy assistants, etc and she will work with college leaders to identify potential collaborations for program development

15. Next Meeting

- a. October 2, 2023 at 11:30am with lunch

16. Adjourn

## Annual Program Review:

### Welding

Evaluation Year	Perkins Data 5-yr average Completion Rate & Employment Rate	Benchmark: 5-yr average State-Wide Perkins Data	Above or Below Benchmark
22-23	Completion Rate 62% Employment Rate 99%	Completion Rate 39% Employment Rate 96%	Completion Rate above Employment Rate above

2023-2024 Perkins Funded Project Requests				
DEPARTMENT NAME:				
	PRIORITY ITEM 1	PRIORITY ITEM 2	PRIORITY ITEM 3	PRIORITY ITEM 4
ITEM - WHAT, EXACTLY, WILL BE ON THE INVOICE? Provide a list of item(s), link, and the specific cost of each item.	8 Miller XMT 450 Welder and accessories \$7000 ea., 8 Miller 22A wire feeder and accessories \$2500 ea.	Upgrade to the ventilation in the shop. \$10,000	Digital time clock. \$322.02	Fabtech 2023. Registration \$50.00 ea. Flights \$386.00 ea. Hotel \$925.00 ea. Uber \$200.00 ea. Meals \$300.00 ea.
What Perkins V strategic plan goal(s) will this purchase address: 1. Career Advisement & Development; 2. Instructor Recruitment & Retention; 3. Partnerships; 4. Quality Programs; 5. Work-based learning	Career Advisement, Quality Programs, Work Based learning	Quality Program	Career Advisement, Quality Program	Career Advisement, Instructor recruitment and retention

WHAT PERKINS PERFORMANCE METRIC IS THE FUNDED PROJECT OBJECTIVE? Select one of the following: 1. Technical Skill Attainment; 2. Certificate/Degree Completion; 3. Student Retention; 4. Placement; 5. Non-traditional Participation; 6. Non-traditional Completion.	Student Retention, Technical Skill Attainment	Student retention	Technical skill Attainment	Technical skill attainment
DO X - WHAT IS AN ACTION RELATED TO THE ITEM YOU WISH TO PURCHASE (think action verbs)? What will this purchase accomplish for your program/students that is not already in place. Or, what expansion/modernization will happen and how will it benefit the program/students?	Newest Technology to the welding field.	Healthier work environment for all. OSHA approval.	Modernization	Instructors seeing the newest technology
ACCOMPLISH Y - WHAT OUTCOMES DO YOU EXPECT FROM THIS PURCHASE? Program outcomes (from strategic plan), or student outcomes (from syllabi and industry standards). List AT LEAST 3 outcomes - something that you currently cannot accomplish, accomplish well, or cannot meet competencies/standards without this purchase.	Student success, Resource success, Employee success.	This will help with: Student success, Employee success, and Resource success.	Reduce the margin for error in attendance. Have a tardy/ excused margin.	Newest tech, Instructor knowledge, Employee success.
HOW DO THESE EXPECTED OUTCOMES SUPPORT THE PROJECT OBJECTIVE? Tell me specifically how this purchase is going to support the performance metric that you chose.	Right now we have certain machines for certain processes, This will open up all machines to all processes.	Healthier work environment for all. And help with retention.	More efficient, Get student used to technology	Learning the new technology we can adapt the tech into the program
SPENDING CATEGORY (Determined by Perkins Administrator)				
APPROVED YES/NO (Determined by Perkins Administrator)				

**Additional Evaluation Criteria:**

**Course Completion Rates (LCC has utilized the Colorado Community College System (CCCS) State-Wide Course Completion Rates as the benchmark for the program).**

	<b>2018-2019</b>	<b>2019-2020</b>	<b>2020-2021</b>	<b>2021-2022</b>
<b>Welding Programs</b>	<b>92%</b>	<b>90%</b>	<b>94%</b>	<b>78%</b>
<b>LCC Total</b>	<b>84%</b>	<b>85%</b>	<b>85%</b>	<b>86%</b>
<b>CCCS Total</b>	<b>81%</b>	<b>81%</b>	<b>80%</b>	<b>81%</b>

**Program Learning Outcomes Assessment:**

**Welding: Associate of Applied Science with Stackable Certificates embedded**

Evaluation Year	Assessment Category/Rates	Benchmark	Above or Below Benchmark	Focus Area	Action Step
22-23	1. Practical Exams 2. Written Exams 3. Mock Interviews  4. Sign-in Checkbook	1. 80% of students will successfully complete practical exams 2. 80% of students will successfully complete written exams 3. 80% of students will meet expectations for mock interviews  4. 80% of students will meet expectations for sign-in checkbook			

**Co-Curricular Institutional Assessment:**

**Did your department offer any co-curricular learning opportunities over the last five years?**

<u>Description of activities</u>	<u>Common Learning Outcomes supported by the activities</u>

## **Meeting Minutes**

### ***Welding Advisory Committee***

Date: Thursday, 20 October 2022

*Betz 229*

- I. **Call to Order**
  - a. **To conduct the meeting, we must have 51% of attendees from industry.**  
**Unfortunately, we had to cancel this evening and will reschedule.**
- II. **Approval of Minutes**
- III. **Update**
  - a. **Presidents Update**
- IV. **Old Business:**
- V. **New Business:**
  - a. **Review of Current Program Curriculum and Competencies**
  - b. **Employability**
  - c. **Methods for Increasing Participation and Completion by Underrepresented Gender Students**
  - d. **How Can We Recruit More Advisory Members**
  - e. **Getting electrical power to the robotics arm this semester**
  - f. **Next Meeting:** Need to go ahead and schedule the next meeting for Spring 2023 so Kristie can get invites sent.
- VI. **Adjourn**

## **Welding Advisory Committee**

### **Meeting Minutes**

Spring 2023

April 26, 2023

Welding Department

- I. Call to order by Mr. Doug Cash
  - a. Introduction of members and guests
  - b. Approval of minutes (Fall 2022)
    - i. No changes.
  
- II. President's Report/Update by Dr. Rosana Reyes
  - a. Welcome
  
- III. Curriculum and Competencies by Mr. Doug Cash and Mr. Russ Watson
  - a. 51% attendees of industries
  - b. Professional speakers next semester
  - c. Field trips to Springfield
  - d. Simulator (welding)
    - i. Perkins
      - a. Welding replacement
      - b. Present technology
  
- IV. Employability by Mr. Doug Cash and Mr. Russ Watson
  - a. Career Day
  - b. Mock interviews
  - c. Career fairs by trades
  - d. Class size
  
- V. Participation and Completion Mr. Doug Cash and Mr. Russ Watson

- a. Recruit in high schools
- b. Recruit in middle schools
- c. Job shadow
- d. Schedule change (times)
- e. Stainless steel
- f. Welding for arts

VI. Recruit Advisory Members

VII. Next Meeting

VIII. Adjourn

All-Instructor Meeting Spring 2023

March 24, 2023 9:00 am

Agenda

1. Welcome & Introduction: Dean Lasley
2. Overview of Assessment for Accreditation: Kelly Emick

3. Breakout Sessions SS/AH/HIS GT:

*Nicole Piner (Wiley) & Kelly Emick (LCC Main Campus)*

- a. Assessment of student work for critical thinking

*See attached tabulations*

- b. Post-assessment Reflection:

- i. What are we learning from these samples?

*In general, the samples showed more consistency between the types of assignments students seemed to be writing for.*

- ii. Are we meeting our goals for our students' critical thinking skill levels in our discipline?

*Can we use more explicit instructions/templates to help students avoid overusing sources at the expense of their own analysis?*

- iii. What opportunities exist to improve our students' critical thinking skills in the next academic year?

*We could encourage shorter samples of work to learn better critical thinking techniques, then those skills can be applied to any length of papers.*

- iv. How can we ensure our course sections are consistent with the competencies and expectations for college level work?

*Not discussed due to time constraints*

- c. Decide how to share results if they are not tabulated at today's meeting

*Results will be emailed to all discipline faculty.*

4. Survey Results: LCC graduates 6-year cohort (still in process, data only gathered most recently)

*This was not addressed due to time constraints*

5. Conclusion

- a. Do we want to change our assessment methodology?

*We would like teachers to include an explanation of what the teacher's assignment was, to assess how well the student met those expectations and also show how the assignment is using the 3 measures of critical thinking in the scoring rubric.*

- b. What can LCC do to support faculty and strengthen the connections between all our locations?

- i. *Avoid Fridays because of all the High School activities on those days*

- ii. *Let teachers do their scoring in advance, so the meeting can be focused on feedback, discussion of results*

<b>Summary of Critical Thinking Assessment Fall 2021: Comparison of same student from first to last semester</b>								
	1				2			
	1st sem	last sem	diff	%	1st sem	last sem	diff	%
Analyzes information and ideas	3.6	4.4	0.8	<b>16%</b>	3.6	3.8	0.2	<b>4%</b>

<b>Analyzes information and ideas</b>	<b>10%</b>
<b>Incorporates multiple perspectives</b>	<b>13%</b>
<b>Articulates an Argument, Opinion, or conclusion based on evidence</b>	<b>3%</b>

**Fall 2022 Assessment Qualitative Observations**

1. Shorter papers seem stronger at making a clear point, having a position
2. Longer papers seem more like just reporting information
3. Knowing the context of the assignment is important so that we know the way the critical thinking component should be seen in the students' work
4. Need more intro/conclusion to unify, show main idea
5. From Jessica: teachers need to be creating a D2L folder clearly labeled "Critical Thinking" so the Academic Services person doesn't have to go through assignments to try to find one that fits the Critical Thinking parameters. Chapter Summaries do not provide evidence of Critical Thinking. Hand-written work can be scanned and uploaded into a D2L folder.
6. Any GT course with AH, SS, or HI needs to be including at least one Critical Thinking assignment each semester that aligns with the Critical Thinking Competency for that GT Pathway Content Area

Student Recruitment/High School Outreach through a "Meet the Professor" Lecture Series. This coming fall I compile a series of enrichment lectures designed to enhance HS instructional units. High school faculty will then coordinate scheduling our instructors as guest presenters.	We will increase enrollment through exposure to our target demographic. We will offer a high quality consumable product to our educational partners.	Increased Enrollment from service area schools. A strengthened partnership with service area schools.	Compare on campus enrollment from area High schools to previous years.	a)Travel Expenses \$1000? b) c)
